

Retired Worker To Get Break In Tax Revision

WASHINGTON (AP)—The House Ways and Means Committee today approved tax cuts for millions of retired workers, amounting to about 300 million dollars a year.

The committee adopted a provision by Rep. Mason (R-Ill.) exempting the first \$1,200 of annual retirement income from personal income taxes.

The exemption would apply to all types of income—whether from pensions, dividends, rents, annuities, or other investments. And it would apply regardless of age to all retired workers, even those below 65.

Effective In 1954

It would take effect with the 1954 tax bill which falls due in early 1955.

The plan was approved as part of a general revision of tax laws. Presumably it would boost the total annual tax reduction under the program from about two billion dollars, as estimated by the Treasury, to about \$2,300,000,000.

Under present law, retirement income gets no special treatment except that generally a worker is not taxed on pension or annuity benefits which he himself purchased through regular contributions.

The committee defeated a motion sponsored by some Republicans to limit the exemption to persons with retirement income of less than \$5,400 a year.

Earlier, Republicans on the committee were reported planning action, probably within two weeks, to cancel about three billion dollars in annual tax cuts set for April 1.

Russia And West Build Strength, Yield Nothing

WASHINGTON (AP)—Foreign Ministers from the West—United States, Britain, France, Belgium, Luxembourg, and the Netherlands—have talked four weeks with Russia's Molotov. Neither side was expected to yield anything. Neither did.

The stumbling blocks were peace treaties for Germany and Austria, as they had been in one meeting after another since 1946.

Red Alliances Grow

At the time of the first breakdown over Germany and Austria this country and the rest of the West were practically unarmed; Russia was an arsenal. This country was no match for Russia in number of men under arms but had the atom bomb which Russia didn't.

In the years since 1946 both sides have built up their muscle and tested each other without locking in a full death struggle.

COMMUNISM—

Russia clinched her hold on the satellites, grabbed Czechoslovakia (1948), achieving her first atomic explosion in 1949, her first hydrogen one in 1953. The Chinese Communists took over all of China (1949).

At war's end the Communists, communism, Russian and Chinese, ruled 800 million under a solid military alliance that stretches from central Europe and across Asia to the Pacific.

THE WEST—

The United States moved on from the atomic bomb to development of the hydrogen bomb and built up an atomic armory so vast it is beginning to put more reliance on atomic weapons, less on men.

The United States and Western Europe came out of helplessness to new rearmament and formation of their own military alliance, the North Atlantic Pact (1949).

THE TESTS—

When Russia threatened to gobble Greece and Turkey, former President Truman abandoned isolationism by rearming them (1947). When Russia tried to force the allies out of Berlin with a blockade (1948), this country smashed the blockade with the air-lift.

When communism threatened impoverished Western Europe from within, this country helped it with Marshall Plan economic aid (1948). Communism tried another thrust with the invasion of South Korea (1950) but was blocked in a war that lasted three years, is not yet officially ended.

East and West grow steadily stronger. Neither, therefore, seems to think it necessary to yield anything.

Now like two tigers, the two sides watch each other, waiting for the other to jump or stumble or, perhaps, die of indigestion.

NIXON INVITED TO MICHIGAN—Catherine Shewchuck, 18, of Cheboygan, Mich., and a Michigan state beauty queen, invites Vice President Richard Nixon to the groundbreaking ceremonies, May 16 and 17, at Mackinac City, Mich., for the 96-million dollar Straits of Mackinac bridge. The invitation was given Mr. Nixon at the Inland Press meeting in Chicago. The ground breaking will be sponsored by Cheboygan, Petoskey and Mackinac City. (AP Photo)

Check Delivered For \$96,400,033 Mackinac Bridge

NEW YORK (AP)—A check for \$96,400,033.33 to finance a five-mile bridge across the Straits of Mackinac was delivered today to the Michigan Mackinac Bridge Authority.

The check represented funds from sale of revenue bonds issued to finance the ambitious project to link Michigan's two peninsulas which form the northern boundaries of Lake Michigan. It is scheduled for completion Nov. 1, 1957, and will replace the present ferry service.

Contract All Set

In accepting the check, Prentiss M. Brown, chairman of the bridge Authority, announced completion of a \$44,500,000 contract with the American Bridge Division of United States Steel Co. for erection of the superstructure and a \$26,000,000 contract to Merritt-Chapman & Scott Corp. for the substructure.

The check presentation ceremony was in the offices of the Bankers Trust Co. at 16 Wall Street.

A representative of Merritt-Chapman & Scott corp. said that a hiring office will be set up at the site of the bridge about March 1 to obtain about 500 workers on the substructure.

The American Bridge Division of U. S. Steel will not be prepared to work on the superstructure for at least a year, a spokesman said.

In a letter, Gov. G. Mennen Williams congratulated the Authority on the successful financing venture. He said:

"This is another milestone in the long and sometimes weary road of giving the people of Michigan a connection between their two great peninsulas, and giving the United States and Canada a trans-continental highway between the industrial East and the Pacific Northwest."

Dream of 70 Years

Members of the Authority attending, besides Brown, were Mead L. Bricker, William J. Cochran, Charles T. Fisher, Jr., and George A. Osborn, as well as Lawrence A. Rubin, secretary.

Also attending were D. Hale Brake, Michigan state treasurer who endorsed the check, and Wade Van Valkenberg, speaker of the State House of Representatives of Michigan.

Bankers Trust acted as paying agent for the underwriters.

The bridge will bring to reality a dream of an editorial of 70 years ago. Advocates of such a bridge date back that far.

In 1884 the editor of the Grand Traverse (Mich.) Herald, predecessor of the Traverse City Record-Eagle, wrote that inadequacy of ferry service across the Straits accentuated the need for a bridge or tunnel "if we are to have the great northwest passage through Michigan."

The bridge will be 26,444 feet long, including approaches, and will have a roadway of 48 feet wide. Its central span of 3,800 feet will rank second only to San Francisco's Golden Gate bridge with a span of 4,200.

The center of the span will have a minimum clearance of 148 feet, enough to allow passage of the largest Great Lakes vessels.

The center of the span will have a minimum clearance of 148 feet, enough to allow passage of the largest Great Lakes vessels.

Eisenhower Asks Authority To Share Atomic Secrets

Chamber Takes Cheery Look At 1954 Business

By JOE HALL

WASHINGTON (AP)—The U. S. Chamber of Commerce, voicing a cheerful outlook for the nation's economy, said today, "It is difficult to see any reason why this country should ever again experience an old-fashioned depression."

But CIO President Walter Reuther called it "dangerous and unrealistic" to think that "spring and the robins will bring prosperity."

Adjustment Easy

He obviously referred in a statement for the Senate-House Economic Committee to recent predictions by administration spokesmen that the U. S. economy, which they contend is adjusting after the Korean War, will start turning upward about spring.

The Chamber said in its statement for the committee that so far the "inevitable readjustment" which it said was "bound to follow the end of fighting in Korea" has been "surprisingly easy."

"The committee is making its annual study of the President's economic report, which Reuther described as a 'weak-visioned document.'"

Signs Analyzed

The Chamber said business in 1954 "will be good by any standards established before 1950," but that it probably will not be as "buoyant" as in 1953.

The Chamber pointed to these good signs: "Strong sources of investment and consumer demand remain. Consumer income is still very high. Business intentions to invest in new plant and equipment indicate high level of capital investment this year."

Discussing unemployment, the Chamber said the Census Bureau reported that unemployment in January totaled 3.8 per cent of the civilian labor force. This, it said, is "in no sense an alarming amount."

However, the Commerce Department announced Tuesday night—after the Chamber statement had been prepared—that a new method of collecting statistics indicates that the number of unemployed early last month was 3,087,000—about 728,000 more than reported previously. This works out to 4.9 per cent of the civilian labor force.

Reuther said there may be difference.

Floods Threatening Southern Michigan After Freak Storms

By THE ASSOCIATED PRESS

Minor floods and threats of them, plus slippery highway spots, plagued much of southern Michigan today in the wake of Tuesday's freakish February rain and snow storms.

Two deaths—one at Bay City and one near Owosso—were partially attributable to a snow storm that moved in behind a record

February thaw and a lightning-filled deluge of rain.

M-146 near the Port Huron City limits was blocked by high water at a railway viaduct. Lowlands along the Red Cedar, Grand and Clinton rivers were flooded. The Tittabawassee was more than two feet above normal.

Motorists Stranded

A slushed up five inches of snow froze crown-shaped across M20 at two spots between Midland and Bay City Tuesday night, trapping and stranding more than 100 cars at one time. The jam-up started around 5 p.m. and wasn't cleared until 1:30 a.m.

Killed In Storm

The Weather Bureau predicted the cold weather would last only briefly. A warm air mass was reported moving into the state from the south.

Caught in a blinding snowstorm yesterday, Harold Luckhurst, 46, of Owosso, was killed when his car rammed head-on into a semi-trailer truck on M21 west of Owosso.

Swirling snow caused cancellation of plane flights at Lansing. Grand Rapids had a three-inch

(Please Turn To Page 6, Col. 7)

No Other Changes

The ballot was split at the height of the power of the late President Roosevelt to prevent Democratic office-seekers from riding his coat-tails to victory.

Republicans in the Senate, which has passed the codification, reportedly pushed the ballot combination through to give Republican office-seekers the benefit of President Eisenhower's popularity.

The codification makes no other major changes in election law. It only gathers them together and iron out discrepancies.

Curfew Bill Advanced

The Republicans, he said, have failed to act on any of the weaknesses in the election law pointed out by a legislative study committee or his own blue ribbon committee.

The House advanced for a vote today a bill to impose a statewide curfew on children under 16.

The Senate passed and sent to the House a bill requiring motorists to stop when approaching or overtaking a halted school bus, except on four-lane highways. Present law requires a stop only when overtaking a bus.

The chamber will vote on a bill to include hotels in a 1949 law forbidding "bottle clubs"—permitting persons for a fee to use facilities to engage in drinking. Sponsors said it was aimed at "bottle clubs" masquerading as summer hotels.

together next month, to his home at Kermit, Tex.

He is 22 and she is 28. They were married five years ago in a Shinto ceremony in Tokyo. The Japanese marriage never was recorded. He was captured by the Reds the next year.

He was among a group of 22 pro-Communist American prisoners who refused repatriation. But early New Year's Day, he slipped out of his prison compound in the Korean neutral zone and told an Indian guard he wanted to go home.

He later credited letters from his Japanese wife as playing an important part in this decision. She was all smiles today.

The short ceremony took place in the office of Erich W. A. Hoffmann, of Milwaukee, a vice consul.

Outside in the rain, Batchelor suddenly remembered something. "Lord, I forgot to ask the hospital for an overnight pass for tonight," he said.

"Can you get?" his wife asked. "I think I can," he said. "Let's go to the hospital and see."

Tokyo Army Hospital gave him a pass until 8 a.m. Thursday.

More Aid To Idle Workers Asked By Detroit Council

DETROIT (AP)—Detroit's City Council wants the state Legislature to increase unemployment compensation and extend the length of time idle workers may draw it.

Unanimous approval was given Tuesday night to a resolution asking the Legislature to give "serious consideration" to such steps. It is due to go to Lansing today.

Council urged approval of a plan President Eisenhower recommended in his economic message to Congress: 1. Raise weekly benefits to half a worker's normal wage, and 2. Increase the length of time payments may be drawn from 20 to 26 weeks.

Maximum benefits in Michigan now are \$27 weekly, plus \$2 for each child up to four.

CIO President Walter P. Reuther urged steps similar to the President's in an appearance before City Council last week.

The Detroit Welfare Department announced a swift increase in applications for direct relief and said it would begin next week to interview applicants at night as well as during the day.

Daniel J. Ryan, welfare superintendent, predicted the flow would grow as idle workers exhaust their 20 weeks of unemployment compensation.

Ryan reported the city's relief roll of 2,468 is the lowest in 26 years. But he said a backlog of 1,000 new applications had been built up in recent days.

Latest figures of the Michigan Employment Security Commission show 121,000 idle in the metropolitan Detroit area (Wayne, Oakland and Macomb counties) and 220,000 in the state as a whole.

No Monopoly

Eisenhower said these steps would have the effect of "strengthening the defense and the economy of the United States and of the free world."

The President said the onward rush of atomic developments has outmoded the 1946 Atomic Energy Act which mistakenly assumed the United States could maintain a monopoly in atomic weapons for an appreciable time.

Counterbalancing the loss of monopoly, he said, is the development of a wide variety of atomic weapons which have "achieved conventional status" in the armed forces.

He added: "The thermonuclear weapons (hydrogen bomb) nonexistent eight years ago—today dwarfs in destructive power all atomic weapons. The practicability of constructing a submarine with atomic propulsion was questionable in 1946; three weeks ago the launching of the U. S. S. Nautilus made it certain that the use of atomic energy for ship propulsion will ultimately become widespread."

Security Comes First

"In 1946, too, economic industrial power from atomic energy sources seemed very remote: Today, it is clearly in sight—largely a matter of further research and development, and the establishment of conditions in which the spirit of enterprise can flourish."

The President proposed a number of amendments to the Atomic Energy Act.

He said with emphasis, however, that changes should "make it clear that the authority granted must be exercised only in accordance with conditions prescribed by the President to protect the common defense and security." And he stressed that no secrets are to be given away which would be of military advantage to potential enemies.

Under present law, the President said, this country cannot give its allies "practical information essential to their effective participation with us in combined military operations and planning, and to their own defense against atomic attack."

Must Keep Step

"Our own security will increase," he said, "as our allies gain information concerning the use of and the defense against atomic weapons."

"Some of our allies, in fact, are (Please Turn To Page 6, Col. 3)

Adm. Wright Named Atlantic Commander

WASHINGTON (AP)—The White House announced today the appointment of U. S. Adm. Jerauld Wright as supreme commander of Allied forces in the Atlantic.

Wright will replace Adm. Lynde D. McCormick on April 12.

The White House said President Eisenhower also is nominating Wright to be commander in chief of the U. S. Atlantic fleet and commander in chief of the U. S. Atlantic command.

The Navy said McCormick will become president of the Naval War College at Newport, R. I., replacing Adm. Richard Connolly who recently retired.

Service Awards, Other Business Before Council

Escanaba City Council will, at its Thursday night meeting in City Hall, award service pins to retired city employees in recognition of their years of faithful public service.

Not all of the 15 retired employees listed for recognition will be able to be present to personally receive the awards. The listed employees to be honored follows:

A. J. Manley, Henry Rosmer, John Bawden, Hugo Lilquist, Charles Tushak, Archie Wood, Jerry Jerow, Swan Anderson, Dave Gerou, William Cass, Charles Duncan, Walter Goodman, Charles Guay, Henry Breault, Walter Johnson.

The Council agenda for Thursday night's regular meeting includes the opening of bids for dismantling of a Hiawatha Plywood building and a new fire truck.

There will be a public hearing and second reading of a proposed plan for the area west of the Goulais Addition; and the recommendation of a fire insurance committee regarding fire insurance on city buildings.

Three members are to be appointed to the Recreation Board to fill expired terms of Mrs. Fred Sensiba, Mrs. Roy Swanson and Mrs. Ivar Barber.

Other business will include the presentation of plans for a community TV antenna; an explanation of the gas utility operation; and consideration of a request of Skerbeck carnival to show in Escanaba May 19 to 23.

Upper Peninsula Briefs

IRON RIVER — Discontinuance of the Smith-Hughes agricultural instruction in the Iron River high school is being seriously considered by the board of education, it was disclosed at a meeting at the Central school Monday afternoon. Only a small number of students are enrolled in the course, Miss Pearl Windsor, superintendent, advised the trustees, who also are dissatisfied with the government dictation and subsidy.

HOUGHTON — An organization to answer problems confronting student councils of Upper Peninsula colleges will be formed during a meeting to be held Friday and Saturday, April 9 and 10 at Michigan Tech in Houghton. Participating groups will come from Northern Michigan College of Education, Suomi College, Gogebic Junior College and the Sault Ste. Marie branch of Houghton Tech.

MENOMINEE — Tearing up of the concrete pavement on 10th Street, which will be reconstructed this summer between 10th Avenue and North Shore Drive, is due to get underway, probably Wednesday, and City Council moved Monday night to salvage the concrete for rip-rapping the breakwater at the Menominee marina. The R. B. Vickery Company, Suamico, which has the State Highway Department contract on the street paving project, will start breaking up the pavement south of 38th (Taylor Avenue) and work south to the intersection of 7th (State) and 10th (Jenkins) Streets.

IRON RIVER-STAMBAUGH — Mine valuations dropped \$693,000 in Iron River township, which embraces the village of Mineral Hills, but those in Stribaugh city were boosted \$70,000, according to figures released by the state tax commission. The valuation in the township was decreased because of the closing of the Davidson mine by Pickands, Mather and company. That property has been turned over to the local assessor, or township supervisor, for assessment purposes.

IRON MOUNTAIN — Iron Mountain's new city ordinance regulating the construction and installation of TV antennae will go into effect on Monday, March 8, following its unanimous approval at Monday night's meeting of the Iron Mountain city council.

MENOMINEE — Menominee sewer bids were rejected by disappointed city councilmen during a session Monday night in the city hall. Bids first appeared to be under the city estimate when engineers released figures amounting to approximately \$677,000. Because the figures exceed money appropriated, the council decided as a committee of the whole to call for new bids.

Not Enough Police

KALAMAZOO (AP)—Busy street intersections may be manned by Western Michigan College students during rush hours if the City Commission approves. The commission was told that the city doesn't have enough policemen to handle rush-hour traffic. The plan would cost the city an estimated \$11,250 per year.

LITTLE SCHOOL GIRLS AND BOYS are portrayed by a group of grade school misses for the production number, "Rhythm in the Classroom." The little girls, not in order, are Mary Creten, Penny Neumeier, Martha Lindsay, Mary Brunelle, Jill Kroghdahl, Beverly Wagner, Donna Martinson, Mary Lou Rudden, Meredith VanEffen and Carol Hunt. Taking the part of little boys are Dolores Lorenson, Bernice Mihalie, Barbara Schiles, Mary Jerow,

Susan Smith, Christine Erickson, Judy Rudden, Loanne Kolich, Grach Waeghe, Charmaine Kleiman, Patty Poffenberger, Jannie LaVassar, Loreen Jenkins, Jackie Peterson, Martha Gruber, Judy Courmier, Barbara Hale, Janice Olson, Judy Norton and Marcia Skellenger. The ice revue opens tonight at the indoor rink. (Daily Press Photo)

Life Insurance Claims Higher

Michigan families received \$91,239,000 during 1953 in death claim payments from their life insurance companies, the Institute of Life Insurance reports. These payments were made under 53,234 policies.

The 1953 death claims were \$11,311,000 greater than the year before, when they totaled \$79,928,000. The number of claims was 3,532 greater than the 42,702 in 1952.

"The annual flow of death claim payments in this state has risen 110 per cent in the past decade," the Institute commented. "In 1943, they amounted to \$43,389,000, under 37,018 policies. The increase has been primarily a reflection of the greater amount of life insurance owned and not a rise in death rates. Ownership of such protection in this state increased 222 per cent between the start of 1943 and 1953. There has been a large gain in the family security provided through this channel, with many more families provided with the means of holding together and at a higher standard of living than ever before."

Of the 1953 death claim payments in this state, \$53,254,000 was under 18,336 ordinary life insurance policies; \$30,411,000 was under 11,361 group life insurance certificates; and \$7,574,000 was under 23,537 industrial insurance policies.

For the nation as a whole, the 1953 aggregate of death claim payments was \$1,989,861,000 under 1,576,215 policies, compared with \$1,833,464,000 under 1,509,397 policies the year before and \$1,098,486,000 under 1,180,304 policies in 1943. Last year's payments were made up of \$1,285,873,000 under 466,099 ordinary life insurance policies; \$447,122,000 under 200,036 group life insurance certificates; and \$256,855,000 under 910,080 industrial policies.

Inspection Of Newly Installed Oil Burners Asked

IRON MOUNTAIN — The Iron Mountain city council at its Monday night's meeting considered a new proposed ordinance regulating the installation of fuel oil burners of all types.

In a move designed to gain the cooperation of residents towards inspection of their newly installed fuel-oil burning units by proper authorities, the council approved insertion into the ordinance of a clause by which fuel-oil distributors will not be allowed to deliver fuel to home tanks that have not been inspected and approved by the fire department.

Chief Mike Scolatti pointed out that inspection of oil-burning units and tanks is a fire-safety precaution. Inspection of units already installed in homes or businesses is optional, Scolatti said. However, when the new ordinance goes into effect all newly-installed units must be checked.

About 54 per cent of Canada households own autos.

House Members Shy At Investigation Of Straits Bridge Lobby

LANSING (AP)—Key House members today were inclined to shy off a proposed investigation of the Mackinac Bridge Authority and the lobbying of former Gov. Murray D. Van Wagoner.

Rep. Adrian De Boom (R-Owosso), chairman of the committee studying a resolution which would set up an investigating committee, said:

"I for one want more information that indicates some wrongdoing before I would vote for the investigation."

Committee members he has talked to, he said, "are in no hurry" to act on the resolution. "If we are not careful," the chairman said, "it will begin to look like the Republicans as a party are trying to block the bridge at every turn. We can't afford that."

The inquiry was proposed by Rep. T. Jefferson Hoxie (R-St. Louis). He made no specific charges, asking only for a probe of the passage of legislation setting up the Authority and the issuance of \$99,800,000 in bridge bonds.

He said privately he thought the public had a right to know if there was any truth in "rumors we have been hearing."

Van Wagoner resigned last week as a member of the bridge Authority when it was learned he had registered as a lobbyist for Stifel-Nicolaus & Co. of Chicago. The company was one of the

underwriters of the bridge bond issue.

Van Wagoner, however, said he intended only to lobby in behalf of a bill to permit the Port of Detroit Authority to buy the Detroit-Windsor tunnel. Stifel-Nicolaus is the sales agent for the tunnel company.

Van Wagoner and the company have filed sworn statements that he received no benefits of any kind from the bond sale.

Eagles Contribute \$100 To Polio Fund

A check for \$100 today was turned over to the Delta County March of Dimes by the Escanaba Aerie 1088 of the Eagles, proceeds from a dance sponsored by the Eagles and Auxiliary and held in Eagles Hall.

Darwood Anderson, Eagles President, and Jack Rice, chaplain, presented the \$100 check to Barclay Conley, March of Dimes campaign county chairman.

Chairman Conley said that a final report on the March of Dimes drive is to be made within a few days. There are still some coin canisters that have not been picked up, and some of the solicitors have not yet made final reports from the county.

It now appears that Delta County will not reach the goal of \$15,000 which had been anticipated.

Obituary

MRS. ALBERT FRAPPIER

Funeral services for Mrs. Albert Frappier will be held at a solemn requiem high mass at 9 a. m. Thursday at St. Thomas the Apostle Church. Father Arnold Thompson will be celebrant. Burial will be in Holy Cross Cemetery. The rosary will be recited at 8 this evening at the Allo Funeral Home.

MRS. MIKE GUNTER

Funeral services for Mrs. Mike Gunter were held at 9 a. m. today at St. Joseph's Church with the Rev. Bertin Harrington, O. F. M., offering the requiem high mass. Burial was in Holy Cross Cemetery.

Palbearers were Math Lewis, Matt Decker, John Zinkel, Fred Saykly and Sidney Ridings and Louis Brock of Gladstone. Mr. and Mrs. Henry Gunter, Mr. and Mrs. Matt Gunter, Mr. and Mrs. Crystal Noftz of Detroit and Mrs. Wayne Teal of Bark River attended the services.

JOHN A. REDSTROM

Funeral services for John A. Redstrom, who died in Phoenix, Ariz., were held at 2 p. m. Monday at the Anderson Funeral Home with Rev. Gustav Lund of Bethany Lutheran Church officiating. Burial was made in Lakeview Cemetery.

During the services, Mrs. Arthur Olson sang "In the Garden" and "Come Unto Me." Mrs. Clovis Colvin was the accompanist. Pallbearers were John S. Back, Lars Anderson, Carl B. Johnson, Rudolph Larson, Levi Turnquist

the mine live in Baraga.

The former mayor, himself sporting a fine growth, also formed the chapter at the Cleveland-Cliffs Iron Company's Mather A and B mines.

MICHIGAN THEATRE ESCANABA Starts **TO-NITE**

U. P. Country Coldest Spot

Upper Michigan, with the exception of isolated mountain regions, was the coldest area in the country this morning. This means little, however, because the coldest spot was Sault Ste. Marie, which had a low of 13 above. Escanaba had 17 and Green Bay, Wis., 16.

A practically cloudless sky has moderated temperatures considerably and by mid-afternoon it should be about 40, says S. E. Decker of the Escanaba weather bureau.

Continued mild weather with little change in general conditions, may be expected tomorrow, says the weatherman.

Southern Michigan continued to have rainy weather with several points recording more than an inch of precipitation. Lansing had the heaviest fall with a total for the past two days of more than 2.5 inches. This rainy condition prevails all over the eastern part of the country.

The north central plains states continue to have mild and pleasant weather with early morning temperatures slightly below freezing and unseasonable high temperatures during the day.

Albany, N. Y., broke its February record high with a temperature of 72.

4 Upper Peninsula Debate Teams Enter State Tournament

Four Upper Peninsula high school debate teams, Escanaba, Manistique, Ishpeming and Baraga, will be among the 60 teams competing in the elimination series of the state debate tournaments to be held at Ann Arbor during the week of February 22. The debaters will consider "Resolved: That the President of the United States should be elected by the direct vote of the people."

Some 2,000 high school students participated in the preliminary series of eight debates, and the 60 schools with the best record in this series were chosen for the coming tournament. The six teams winning the elimination series will travel to Ann Arbor in April for the final round with scholarships up to \$1,200 to be offered to the three winning students.

The debate tournaments are being held by the Michigan High School Forensic Association, which is sponsored by the University of Michigan Bureau of School Services.

Schools To Join In Clothing Drive

Escanaba Public school will take part in a state-wide clothing collection in schools in Michigan, the week of March 22. Supt. John A. Lemmer has announced. The drive, which is part of the Twelfth National Children's Clothing Crusade, is conducted annually through Save the Children Federation, under the auspices of a National Advisory Committee of School Superintendents. Dr. Clair L. Taylor, Superintendent of Public Instruction, heads the week-long drive in Michigan.

Clothing collected will be distributed through Save the Children Federation in France, England, West Germany, Austria, Greece, Italy, Korea, Lebanon, Israel, on the Navajo and Papago Indian Reservations, and handicapped rural areas of America.

Every family in Michigan is being asked to send a bundle of good clothing to school during the week of the drive, Supt. Lemmer reported. Pupils in Escanaba schools will be given circulars to take home Friday before the drive explaining the drive to parents.

Hospital

Danny, 1-year-old son of Major and Mrs. W. P. Wilson of 610 S. 19th St., was dismissed from St. Francis hospital yesterday, where he was a medical patient.

Warren Stiemert, 317 1st Ave. S., is a medical patient at St. Francis Hospital.

Investments In Norton Scholarship Fund Told

More than \$100,000 in funds of the John P. Norton estate have been invested thus far in stocks and bonds on behalf of the Escanaba School District for the Anna C. Norton Scholarship Fund, it has been announced.

The investments were made by James Frost, executor of the Norton estate. The money includes funds received for sale of property in the estate, exclusive of the Escanaba Daily Press which will be sold soon.

The total invested is \$100,451.68, divided \$24,967.57 in stocks and \$75,484.11 in bonds.

The investments include the following bonds, each of \$1,000 par:

5 The American Tobacco Company, 3 1-4%, 25 years; 5 Long Island Lighting Company, First Mortgage, Series E, 3 3-8%, due 1982; 5 Commonwealth Edison Company, First Mortgage, 3%, Series L; 10 Pacific Telephone and Telegraph Company 30 year, 3 1-2%, under date of Nov. 24, 1953; 10 Southern California Edison Company, First Refunding Mortgage, Series B, 3%; 10 Commonwealth Edison Company, First Mortgage, Series P, 3 5-8%; 10 Consumers Power Company, First Mortgage, 3 3-4%, series due 1983;

10 The Ohio Power Company, First Mortgage, 3%, series due 1971; 10 Allied Chemical & Dye Corporation, 25 years, 3 1-2%.

Investments in stocks include the following:

25 shares Texas Gulf Sulphur, capital, dated Oct. 8, 1953; 50 shares Pacific Lighting Corporation, common, dated Oct. 8, 1953; 30 shares American Telephone & Telegraph Company, capital, dated Oct. 8, 1953; 25 shares Kennecott Copper Corporation, dated Oct. 14, 1953; 100 shares Commonwealth Edison Company, common, dated Oct. 14, 1953; 50 shares Standard Oil Company of Indiana, capital, dated Oct. 16, 1953; 50 shares Eastman Kodak Company, common, dated Oct. 19, 1953; 50 shares Pacific Lighting Corporation, common, dated Oct. 20, 1953; 20 shares Continental Illinois National Bank and Trust Company of Chicago, common, dated Oct. 28, 1953; and 50 shares The Texas Company, capital, dated Nov. 2, 1953.

More than \$400,000 additional will be added to the scholarship fund as a result of proceeds of the sale of the Escanaba Daily Press.

Briefly Told

Delta Lodge Meets — A regular monthly meeting of Delta Lodge 195, F. & A. M., will be held Thursday, Feb. 18, at 7:30 p. m. at the Masonic Temple. A cordial invitation is extended to visiting Masons.

Stamp Collectors — The Escanaba Philatelic Society will hold a meeting beginning at 7:30 Saturday evening at the city hall. All stamp collectors are welcome to attend the session which will be primarily devoted to stamp trading.

Marriage Licenses — The following have made application for marriage licenses at the county clerk's office Tuesday afternoon, Warren LaChance, Perkins and Mary Friedgen, Escanaba; Leonard Decent and Mary Ann Polazzo, both of Milwaukee.

Driver Pays Fine — Leon J. Rice of Chicago today pleaded guilty in Justice Caroline A. Nystrom's court to a charge of reckless driving and was ordered to pay a fine

of \$25 and costs. Escanaba police arrested Rice at 10:35 p. m. yesterday in the 1300 block, Ludington.

Motorists Ticketed — Escanaba police have issued traffic violation tickets to the following motorists. Don Guay, 428 S. 15th St., no operator's license, excessive noise, and defective head light; Elmer W. Erickson, 1700 10th Ave. S., disobeying traffic signal; George DeRouin, 1414 Lake Shore Drive, speeding.

Blue Water Route Association Meets

Organization of the Blue Water Route Association will be completed today at a meeting here of representatives of cities from Northern Wisconsin to Sault Ste. Marie.

Approximately 20 persons are expected to attend the meeting which is being held at the Sherman Hotel.

Two previous meetings were held and the organization of the non-profit corporation will be completed today, Hugh Grow, secretary of the Escanaba Chamber of Commerce, reported.

Scout Staff Report Issued

The first of a series of regular monthly training and report sessions of Neighborhood Scout Commissioners was held last night, Glen Leonard, district Scout commissioner announced.

Leonard explained that the neighborhood commissioner staff is the liaison between Scout units and the district committee that administers the Scouting program. The commissioners will visit Scout units, help with unit problems and provide an exchange of unit program ideas.

The following commissioner assignments were made for Scout units in Escanaba: Lyle Shaw will service troop 404, sponsored by the Presbyterian Men's Club and Explorer Post 400, sponsored by the Kiwanis Club; Dr. A. A. Gossan will service the Barr PTA Pack 412 and the Jefferson PTA Pack 411; S. E. Decker will service troop 408, sponsored by the Bethany Lutheran Brotherhood and troop 455, sponsored by the Elk's Lodge; Glen Matheson will service the Franklin PTA Pack 410 and troop 407, sponsored by the Wells Lions; Ray Shaw will serve troop 444 sponsored by the Kiwanis Club and troop 454 sponsored by the Lion's Club.

J. Oliver Lund was appointed Scout Commissioner of Rapid River and Alfred Anderson will serve in the same capacity at Bark River. Oscar Ohman of Gladstone will serve as commissioner in Cub Scout, Boy Scouting and Exploring in Gladstone.

The Red Buck Scout district includes Delta, Schoolcraft and North Menominee counties. Leonard pointed out that 40% of the Scout units in the district are still not receiving adequate commissioner service, but that it is hoped that several more commissioners will be recruited before the next regular meeting.

Andy Houston, district Scout executive was also present at last night's meeting.

Two Manistique Men Await Trial In Larceny Case

MUNISING — Two Manistique men, Homer Joslin, 25, and his brother, Maynard, 21, are being held in the Alger County jail for trial Thursday on a charge of simple larceny.

They pleaded not guilty when arraigned before Judge Thomas J. Walters in justice court Tuesday.

The men are alleged to have taken about \$30 from a cash register in the Superior Storage office about 7:30 p. m. last Friday when Richard Froberg, the attendant, left the counter to serve a customer at the gas pumps. Froberg said he heard the ring of the cash register when he was outside the office and that when he returned to the office one of the brothers stepped back from the counter.

When the Joslins left the station the attendant called John Toebe, proprietor, to check the cash register. Froberg had obtained the license number of the car the Joslins were driving, and city police were notified. Police located the car and the men near a tavern on East Superior Street.

You'll Want To See Ice Revue Opening Tonight At Indoor Rink

ESCANABA'S 15th annual ice revue opens tonight at the indoor rink in the exhibition building at the U. P. State Fairgrounds. The show will be presented four consecutive nights and will be concluded with a Sunday matinee. You will certainly want to attend at least one performance of this high class local production.

Escanaba justifiably prides itself on the quality of its annual ice show. It is not just another amateur production. It is in most respects a production that approaches professional quality in perfection, in costuming, in musical background and in direction.

The ice revue is, in fact, the justification for the maintenance of the indoor ice rink by the city recreation department. It is ample justification, too, make no mistake about that. The ice revue not only entertains thousands of spectators during the five

day show. Of greater importance, it teaches a large number of local youngsters a memorable lesson in coordination and in co-operation. And, finally, it opens the gates to a new world of opportunity for the more talented members of the cast.

Every community in the north country stages an ice show of sorts and most of them are pretty good, too, for amateur production. We think that ours tops them all. Plan to attend the ice revue. Invite your friends to go with you. They will appreciate your thoughtfulness.

Lives Depend Upon Six Inches Of Top Soil

IT has been said that "Civilization rests on six inches of topsoil."

This is not just a dramatic statement. It is a fact of nature. These six inches are all that stand between us and famine. Many conservationists believe that before this country was settled by whites the layer of topsoil was nine inches thick. Three inches—one third of the original deposit—has been lost forever, through floods, winds, erosion, and destructive forest and agricultural practices.

Here is why soil conservation is as important a need as this nation knows. The federal and local governments have naturally played an important role in the conservation movement. But the success or failure of the movement is determined at the level of the individual farm. Each acreage of farm or forest presents different problems. Each requires different treatment. The experts in and out of government can provide invaluable advice and other assistance—but they can't do the job that is the individual farm-owner's and no one else's.

A comparatively few years ago agriculture lacked the tools for effective soil conservation and improvement. Now it has these tools and they are marvelously swift, economical and efficient. The tractor and all the other machines that come from the farm equipment industry make relatively easy what would have been impossible in the past. We can, and must, save that six inches of topsoil on which civilization rests.

Other Editorial Comments

THOSE MODERN BLUES (Sault Daily News)

If you think the times in which we live are making you sick, you may be right. British doctors have agreed that a new affliction is plaguing mankind. They've labeled it "Twentieth Century Blues." If you're bothered by such problems as atomic war, the pace of life, housing anxiety about the job and about the size of the bank balance, and to top all this off, if you feel sick, you're probably suffering from the new malady.

British doctors are so concerned about this affliction, almost unknown in the Victorian era, that they devoted the entire January edition of their magazine, "The Practitioner," to a symposium on it. They have agreed that people who are the best citizens of their country probably suffer most keenly from the malady, but were divided in their opinion as to whether it can be linked to the ulcer, another affliction of modern man.

The doctors offered no medical cure for this malady. However, they advise that relief can be found in "the peace of God that passeth all understanding." Religion can offer easing of its pangs if not complete cure. They also urge the importance of leisure-time activities, which make some demands on a person's intelligence and which tend to restore his self-respect.

Certainly this is a strange malady to be discussed by medical authorities, but not so strange as the times in which we live. It is heartening to see the countermeasures offered. There have been few happier meetings of science and religion.

When your buy-word is cash, you run into a lot less worry.

Merry-Go-Round

By DREW PEARSON

WASHINGTON—The inside story of how Congressman Ernest Bramblett of California was tried and convicted can now be told. His prosecution caused the firing of five Democratic lawyers who didn't want to prosecute this Republican congressman.

They were overruled by a new Justice Department executive who happens to be a Republican and who ordered the case to trial.

Though Attorney General Brownell has been charged with playing politics in certain cases, his associates certainly did not play politics in this one.

Here is how the backstage story unfolds: In December, 1952, as the Truman administration was about to leave office, the Democratic Central Committee of Santa Barbara, Calif., which is part of Bramblett's district, sent a telegram to Attorney General James McGranery, a Democrat, which read in part:

"Drew Pearson has filed with the Justice Department his published charge that Congressman Ernest Bramblett obtained salary kickbacks from his employees. We urge that you prosecute before new administration comes in and whitewashes this."

The telegram went in due course to Charles Murray, then Assistant Attorney General in charge of the Justice Department's criminal division, who forwarded it on to his chief assistant, Andrew Oehmann, with this note:

"Andy—Let not assume justice will miscarry when our successors take over. Give this the usual treatment."

Murray's confidence in the ensuing Republican administration was not misplaced. They proved more anxious to prosecute a fellow Republican than did certain Democrats.

DEMOCRATS SAY NO

The kickback charges against Bramblett were processed in due course, and on January 14, Attorney General McGranery, the outgoing attorney general, ordered prosecution in a letter which he himself signed.

Since only six days remained before Eisenhower was to be inaugurated and Attorney General Brownell took over, it was obviously impossible to prosecute and the matter was delayed. It did not come before the new Republican chief of the criminal division, Warren Olney, III, until March.

At that time there passed across his desk a routine recommendation that the criminal charges against Congress Bramblett be dismissed. Ordinarily, Olney might have O. K'd the recommendation, since it was signed by men familiar with the case. But being new in office and being from California, as is Bramblett, he took a second look.

The five subordinate attorneys who found no ground for prosecuting the Republican congressman were all appointed by Democrats. Despite this unanimous recommendation, the more Olney looked at the case the more skeptical he became that either some kind of a fix had been put in to save Bramblett or else a trap had been laid to embarrass him as the new chief of the criminal division.

So he asked for the entire Bramblett file and turned it over to an independent attorney of his own choosing.

NEW DOCUMENTS DISCOVERED

This attorney turned up several interesting and extremely important documents which had been held out of the abbreviated file which had come across the desk of the new assistant attorney general.

One of them was the signed order by Attorney General McGranery for criminal prosecution. His letter listed several laws which Bramblett had violated. It was emphatic and unequivocal.

Another was a notation that Edward B. Williams, Bramblett's attorney, had called at the Justice Department on Jan. 9, 1953, stating that he was acquainted with Mr. Olney, the new Republican who was about to take over the criminal division. The memo stated that Williams mentioned this friendship and asked for favorable consideration in the Bramblett case.

Later it developed in court testimony that Bramblett had phoned his campaign manager John Hardaway, at about this time, telling him not to worry, that everything was being "fixed."

The omission of these two documents from the file handed to Olney was significant. The McGranery letter, categorically recommending prosecution, showed that the outgoing Democrats were all set to throw the book at Bramblett. The second document, stating that Williams, a reputed friend of Olney's, asked for favorable consideration, might have led to the conclusion that Olney, the new Republican chief, was fixing a case for a friend.

So Olney called in the five Democratic attorneys and fired them. He also ordered the prosecution of Bramblett.

Olney is not a man who dismisses cases haphazardly—regardless of politics. He was appointed by Governor Earl Warren, now Chief Justice, as chief counsel of the California Crime Commission where he did a bangup job of cleaning up the gambling racket and the underworld bosses which for a time dominated parts of that state.

Olney insisted that the Bramblett case go before a grand jury. The California congressman has now been indicted, tried and found guilty.

Into The Past

10 YEARS AGO

Escanaba—The Escanaba and Lake Shore Railroad has been making an extensive repair job on railroad equipment to further the defense effort. Some of this repaired equipment will be sent to Mexico.

Manistique—The name of Mrs. N. L. Lindquist was placed in nomination for president of the Manistique Women's Club.

Gladstone—A life award was made to Ronald Martin at the Boy Scout court of honor held here last night. Awards in other grades were made to 35 other Boy Scouts.

20 YEARS AGO

Escanaba—R. E. Cheney, superintendent of Escanaba Public schools, was given a renewed contract of three more years.

Escanaba—Fred J. Earle resigned as member of the board of education and Charles E. Lewis was appointed to fill the vacancy.

"All Right, Boys---Just the Facts, at Twenty Paces"

Kid Commandos Rehearsing To Draw Blood In Red China

By FRED SPARKS

NEA Staff Correspondent

PEESHAN, Nationalist Guerrilla Island Off Red China—(NEA)—The thin silver of moon is curtained by heavy clouds and the only relief in the gloom is a phosphorous glow as waves foam on the beach.

In a cement pillbox, with walls bare but for a tinted picture of Dictator Mao, four Chinese Communist soldiers sleep on a wooden shelf.

One reads by candle, perhaps studying "How to Conduct Anti-American Courses" for the sergeant's exam.

Outside a sentry, carrying his Russian burp gun by the strap like a golf bag, yawns and digs his bare toes in the sand. Behind him a narrow gauge track disappears in a seaside hill tunnel toward Hangchow.

Two hundred yards away a huge oar, muffled with a blanket, powers a sampan to the beach with 14 anti-Communist guerrillas, one a boy of 12, one a girl of 17 with a U. S. Army medical kit.

The boy and girl keep the sampan just behind the breakers as the raiders, wearing padded felt slippers, fork out in three groups. Two balance a heavy box of explosives lashed to a bamboo pole on their shoulders.

The guerrilla assault cry of "Shah!" (Kill!) shatters the silence. The startled sentry's fingers slip off the strap and as he gropes for his weapon a burst from a crawling raider crushes his face.

Almost simultaneously another guerrilla actually shoves a grenade through a pillbox slit and there's a hollow blast. Other guerrillas in a sampan down the beach begin firing as a feint.

The two demolition men are already dog-trotting, coolie style, into the tunnel. They drop the box and ignite a four-minute fuse. Red soldiers, tumbling out of a nearby barracks, shoot blindly but, apparently fearing major invasion, stay clear of the beach.

The sampans are lost in the blackness en route to a Nationalist junk when the tunnel's mouth flashes like a signal lamp.

They moved with the precision of the Harlem Globe Trotters, being perfectly briefed on target and guards. One participant fled from a nearby village to this guerrilla-held island 60 days ago; agents sent later data.

I've reconstructed this typical guerrilla raid as told by the 14 participants, including the 12-year-old, who lugged a U. S. carbine almost as tall as himself. He's an average small fry commando like hundreds, 11 and up, who fight communism at an age when most kids are fighting fifth grade math.

The grave of one recently shot have lived for himself he died for freedom.

The boys usually run orders between units on larger operations, and I saw a 13-year-old decorated for delivering messages under fire.

They're not pampered, are considered regular troopers—allowing for muscle. One junior, with a choir boy's face, was slipped on the mainland north of Hong Kong before dawn with rice and wire cutters in the pockets of his jeans.

He eased a fort overlooking a bridge, ignored by the bored sol-

(Exclusive NEA Photos by Fred Sparks)
KID COMMANDOS. 12 years old and up, look like boys at play as they train, but they do a grown-up commando's job.

(Exclusive NEA Photos by Fred Sparks)
GIRL GUERRILLAS of Free China's Red-raiding forces rehearse commando tactics on a Nationalist island outpost off China.

diers. He hid under a span, chewed his rice, and after dark cut the telephone line. When the demolition team crashed ashore the Commies couldn't even get a wrong number, let alone reinforcements.

The kid commandos, refugees with their families or orphaned by communism, love the life of bobbing junks and flashing guns like a U. S. youngster would love to be Jesse James' mascot.

Girl guerrillas duplicate our combat medical corpsmen, carrying bullets as well as bandages. Many are in the same outfit as their sweethearts. Sailing home after a bloody raid, a guerrilla died on deck as his fiancée dressed his shrapnel-torn skull.

Another girl, built like a lady wrestler, surprised and knocked

down a Red officer trying to skip a surrounded trench on a raided island. She pounded his head on the rocks, dragged him down a cliff—and in the POW cage he's known as "Miss Wing's souvenir."

Snatching Communist soldiers from mainland outposts is a guerrilla mission when particular information is wanted. Under certain conditions even the Sphinx will tell more than his serial number.

I interviewed several POWs embarrassed about being captured by an enemy Peiping told them was kaput and hiding on Formosa.

If they denounce Dictator Mao sufficiently they can switch sides, an approved Oriental acrobatic, without benefit of a neutral nations commission or other diplomatic wing-dos of Panmunjon.

Good Evening...

By CLINT DUNATHAN

THE LOVELORN—It has always been our ambition to graduate into that lush bed of roses called an "Advice To the Lovelorn" column. Now there is a snap for any writer.

All that is required is a perverted imagination, a strong stomach, and the ability to fool the boss into thinking that the people who write to "Miss Quinsy" for advice are real.

For reasons best known to women and newspaper editors, most of the writers of counsel to those enmeshed in romance are females. We strongly suspect that some of these lovelorn columnists are hiding their whiskers behind a liberal dab of pancake makeup. In other words, "Miss Quinsy" in reality is the police beat reporter banging out a column for extra cash.

Be that as it may, let's try to fool the experts and write an advice to the mad passionate column, just for the heck of it.

DEAR MISS QUINSY—I read your column every day and think how wonderful it would be if I could get my husband to read it, too.

He is employed as a grape shot welder in the ordinance factory and comes home late from work, very tired and cross. Sometimes he smells of alcohol, but he says that is because the grape shots are old and ferment before they can be welded.

But here is my problem, Miss Quinsy: We have been married for 14 years and have nine darling children. My mother, a sweet old lady, lives with us. My husband's father also stays here but he is very hard to get along with. Because we have such a large family, he is occupying valuable space in the woodshed.

Now what would you do? Should we buy a larger house, or send my father-in-law to the poor farm? I know you can help me!

Priscilla Plimsol

Dear Priscilla:

You are a trusting soul, indeed. Your husband is deliberately misleading you. Grape shot is not made from grapes.

Perhaps there is something in his home life or at his work that is causing him to worry, and thus become cross. Nine children means little leisure — but arrange your day so that you can have a warm shower, slip into a fresh negligee, and meet your husband with a smile when he comes home.

As to your problem: Your first obligation is to your husband. You must keep alive that spark of romance. Perhaps you could have your mother rent a small apartment. She could take the children part of the time. And your father-in-law could amuse the children occasionally by whittling for them in the woodshed.

Do not buy a larger house. It will only create new problems. The present house will seem much larger as soon as you have eliminated the children, your mother, and your father-in-law. Give it a try, anyway. Good luck.

Miss Quinsy.

DEAR MISS QUINSY—Although I am young in years, I am far too wise for a girl of 16, Miss Quinsy, and I turn to you for help.

All my life I have longed for excitement, travel, romance—yet I live in a small town and nobody understands me. Yes, there have been boys in my life. But they are so dull.

Then one day as I was walking past the Emporium Hotel, where the traveling salesman stay, I heard a whistle. Looking around, I discovered a handsome, well-dressed gentleman smiling at me.

Miss Quinsy, I could tell at a glance that he was very cultured and distinguished, and so I stopped to talk to him. He asked me what I was doing tonight and I said my homework. He turned around and ran back into the hotel.

Please tell me, Miss Quinsy, what did I say that was wrong?

Heartbroken

Dear Heartbroken:

Nothing, absolutely nothing, dearie.

Miss Quinsy

DEAR MISS QUINSY—Every once in awhile I see your column where a man writes to you. Well, I want to tell you that I am having a little trouble with my wife. Maybe you can help me.

She is very jealous of a widow woman that moved into our neighborhood and with whom I have become acquainted. My wife knows her, too.

Now when the widow invites me over for a game of pinocle, don't you think my wife should stay home and clean up the basement?

Isaac Newton

Dear Mr. Newton:

The science of psychiatry has advanced amazingly in recent years, and I would suggest that you consult Dr. Beetlebrow at the Home and Orphan Clinic for an appointment for your wife.

Her actions, although they may appear unreasonable to you, indicate a life torn by schizophrenoid complexes, with perhaps a dash of bitters and a twisted lemon peel.

Do let me know how she responds.

Miss Quinsy

They decided at the McCracken House not to raise coffee to 15 cents a cup, and for a good reason. Several women restaurant customers were overheard discussing plans to order hot water and then drop in their own tea bags.

The Doctor Says...

Heart Disease May Slow Discharge of Body Fluids

By EDWIN P. JORDAN, M. D. — Written for NEA Service

Mrs. L., who says she is over 70 years old, writes that she has a leakage of the heart, and the main trouble she has from it is that she retains water in her "stomach." She requests a discussion of this subject.

First, I should like to say that the water, or rather tissue fluids which are retained are almost certainly not in the stomach, but rather in the abdominal cavity, and one would expect that she would also be likely to have some fluid in her ankles and possibly other portions of the body.

The retention of body fluids and its accumulation in the tissues is called dropsy, or edema. In addition to the abdominal cavity, the feet, the lower part of the back, and under the eyes are particularly likely to be water-logged in this manner.

The presence of edema fluid is not a disease in itself. Dropsical fluid can accumulate and can be kept in the tissues for any one of a number of different reasons.

One of the most common causes of edema is heart disease. When the heart is unable to do its full job of keeping the circulation going in a normal manner, slowing of the blood flow occurs. If this slowing

is too great the blood is not pumped through the kidneys fast enough and, therefore, some of the fluid which should be eliminated from the body through the urine is retained.

There are other conditions which may produce dropsical accumulation of fluid but probably the most common are the two mentioned. In all cases, when dropsy develops, it is important to find out what is causing it and to remove or remedy the cause whenever possible. If this cannot be done, special measures, including diet or medicines, which affect the chemical substances in the blood, may be tried to stimulate the elimination of the fluids.

DIURETICS MAY HELP

In some cases of dropsy it is possible to give drugs which are called diuretics. Diuretics have the ability, at least temporarily, to increase the secretion of fluid through the kidneys and its passage into the urine. Sometimes excessive fluid can be taken off by puncturing the place where it has accumulated and allowing it to drain out. If fluid has collected inside the abdominal cavity it may be removed from time to time through a needle.

Churches Doubled Aid To Overseas Nations

NEW YORK—Emergency relief materials totaling 28,400,011 lbs. and valued conservatively at \$9,989,619—twice as much as in any previous year — were shipped abroad in 1953 by Church World Service, interdenominational relief agency of thirty-six major Protestant and Eastern Orthodox churches in America.

This, to be reported today at the annual meeting of the Board of Managers of Church World Service at Calvary House, 61 Gracey Park, North, was announced yesterday by Dr. Wayland Zwyer, director of the Material Relief Program and associate executive director for Church World Service. A preponderance of the materials—food, clothing, medicines, etc.—went to Europe and Asia, Dr. Zwyer said.

A major factor in this record-breaking achievement by the churches was the release to their programs of government surplus products by the United States government. However, Dr. Zwyer said, even without government surplus commodities, the 1953 CWS relief shipments to distressed areas overseas exceeded those for any of the previous five years. The government surplus materials, while furnished to the churches free for distribution abroad, required nearly \$400,000 in financing by the denominations for shipping and distribution.

Aid Disaster Victims
In addition to sustaining programs in continuing areas of emergency need such as Korea, the Near East, India and the refugee areas of Europe, the relief materials were applied in emergency action in disaster-stricken areas, being used to alleviate distress among the victims of floods in Holland, England, India, Japan and Italy, of the Pusan and Hong Kong fires, and of the Greek earthquake.

The material relief program of Church World Service, a central department of the National Council of the Churches of Christ in the U.S.A., ministers to the relief needs of the world by collecting, processing and delivering overseas foods, clothing, bedding, medicines, vitamins, and other relief goods contributed by the church constituencies.

This and other relief, rehabilitation and reconstruction programs carried on through CWS are made possible through specific funds raised by the churches, largely through the "One Great Hour of Sharing" United Appeal,

Shore Land Bill Killed In House

LANSING (AP)—A bill which would have permitted private leasing of all marsh and submerged lands along the Great Lakes was defeated 13-55 in the House Monday night.

The affected lands were dedicated to public fishing and hunting uses in 1899.

Rep. W. G. Bassett (R-Jackson) led the attack on the bill. He said that under it, the people of the state "would be selling their rights for a mess of pottage under the guise of clearing a few titles."

Rep. Gerald Graves (R-Alpena) the sponsor, said the bill was designed to clear the titles to lands private owners had built out into the Great Lakes.

Bassett said it went much farther than this, permitting the Conservation Department to lease any submerged lands for any purpose along the whole shoreline. Bassett said the Conservation Department did not approve the bill.

He said he suspected land speculators were behind the measure because they could tie up potentially valuable commercial docking property by getting a least from the state at not more than \$2 a front foot.

Pup Loves Lady Dog In Window

SAN BERNARDINO, Calif. (AP)—Every day a pooch takes up his all-day vigil watching a lady dog in a window.

Paul Gregory reports that his little puppy will moan and howl unless released from the yard. "Or else he digs under the fence to get out, just to go watch that dog in a pet store."

The owner of the lady cocker spaniel, Mrs. Adelaide Noga, says that so far, it's only a "looking romance."

Fire Department Elects Officers, Acquires New Tanker

HERMANVILLE—The Meyer Township Volunteer Fire Department completed its organization at a meeting at which Charles Koehn was elected president, Richard Grenier, vice president, William Denton, secretary, and James E. Gribble, treasurer.

The department recently acquired an 850 gallon tanker complete with portable pump, which with the present fire truck, gives adequate equipment for fighting either in town or in the surrounding Meyer Township.

The tanker is equipped with a new, modern portable pump which can supply water for 2½ inch hose to fill the tanker and fire truck or if the fire is close to a supply of water, the tanker pump can even be used for fighting the fire direct, by the use of the 1½ inch hose or one 2½ inch hose.

Arthur J. Rahn, Two Rivers, Wis., retired fire chief, representing the manufacturer, spent Sunday afternoon with the Fire Chief Richard T. Langerhausen and some of his men instructing them in the operation and use of the pump. The pump was used to draw water from a creek and to simulate action at a fire. The men who received instruction will demonstrate and instruct the other members of the department.

The next regular meeting of the department will be held at the Hermansville Community Club March 3.

Instruction in the use of the fire truck or the tanker will be

ESCANABA DAILY PRESS
Wednesday, February 17, 1954— 5

given if the fire chief or his assistants, Richard Grenier and James Whittens, are notified. An efficient phone system has been set up for alerting the volunteers in case of a fire out of the village and the siren and steam whistles will be used with a specific code to designate fires in town.

Briefs

St. Mary's Circle held its monthly meeting at the home of Mrs. Sidney Andrews. Lunch was served by Mrs. Andrews, Mrs. Charles Koehn and Mrs. Edward Koehn.

St. Mary's Circle will sponsor a card party and cake walk at the club house Saturday, Feb. 20 at 8 p. m.

Miss Helen Faccio will be entertained at a bridal shower Wednesday evening in the Menominee Hotel. She will be wed to Edward Plunger Friday, Feb. 26 at St. Mary's Church, Hermansville.

CREATES OWN PATIENT

WINCHESTER, Ind. (AP)—Attendant Earl Terhune started out with a Randolph County Hospital ambulance and came back as a patient with cuts and bruises. He tried to close a side door and fell out.

Michigan Reds Await Sentence

DETROIT (AP)—Sentencings, then swift appeals from the defendants, were the next evident steps today after the conspiracy convictions of Michigan's six top Communists.

Five of the group—all the men—were in jail with their \$37,500 in bonds reluctantly cancelled by Federal Judge Frank A. Picard.

The sixth, Mrs. Helen Allison Winter, who has been ill, was free on continuance of her \$5,000 bond. The group was convicted Tuesday of conspiring to teach and advocate violent overthrow of the government.

For Smith Act cases, it was a speedy verdict. The jury of seven women and five men required only six hours to reach its verdict. Other similar cases had taken far longer.

The trial covered a period of four months. There were 59 actual days of testimony.

Found guilty with Mrs. Winter, 16, wife of Carl Winter, one of the top national Communist party leaders who was convicted similarly in New York, were Saul Wellman, 40; Nat Ganley, 50; Thomas D. Dennis, Jr., 36; William Allan, 47, and Philip Schatz, 39. Carl Winter is serving a five-year prison term.

All the men were manacled in the court room and taken to the Wayne County jail to await sentencing at 11 a.m. Friday. The defendants face maximum five-year prison terms.

Fare Boost Asked

KALAMAZOO (AP)—The Kalamazoo bus company asked for a fare increase. Now the City Commission wants an audit of the company's books. The company said its revenues have dropped 21 per cent under last year.

(Daily Press Photo)

Indochina Reds Flee From Fight

HANOI, Indochina (AP)—Vietminh rebels fled without a fight today before French Union troops making new offensive sorties out of their northwest Indochina fortress of Dien Bien Phu.

A French Army spokesman said troops moving out of the heavily fortified plain following heavy artillery and aerial bombardments found the Vietminh had abandoned a command and observation post on a hill two miles north of Dien Bien Phu.

Using 4,000 to 5,000 troops, the French went on the offensive in the area Tuesday and announced the capture of two other rebel posts after heavy fighting.

Today, however, the Vietminh would not risk a fight.

The French now seem to be making an all out effort to bring into the battle the 36,000 rebels who have been encircling Dien Bien Phu for months. But the rebels still appear to be avoiding a showdown.

Arizona mines have produced minerals of a value totalling four billion dollars since 1853 says the National Geographic Society.

Wall Street

NEW YORK (AP)—The stock market continued its downward trend today for the third straight day without developing any signs of acute weakness along the way. All major divisions of the market were lower with the decline going to around two points at the outside. A few plus signs were scattered around but they seldom got to a point.

Trading continued at a pace slightly under Tuesday's 1,870,000 shares.

New York Central was relatively quiet today and opened promptly for the first time this week. U. S. government bonds were firm.

Nuclear Weapons May Be Shared With U. S. Allies

(Continued From Page One)

now producing fissionable materials or weapons, supporting effective atomic energy research and developing peace time uses for atomic power.

"But all of them should become better informed in the problems of atomic warfare and, therefore, better prepared to meet the contingency of such warfare. In order for the free world to be an effective defense unit, it must be geared to the atomic facts of this era."

Eisenhower then made these two specific recommendations:

1. The exchange with America's allies of "such tactical information as is essential to the development of defense plans and to the training of personnel for atomic warfare."

2. Modification of security limitations set up in 1951 to allow information on peace time uses of atomic power to be "adjusted to present conditions."

This kind of cooperation, the President said, requires exchange of certain restricted data on the industrial applications of atomic energy and also the release of fissionable materials "in amounts adequate for industrial and research use."

This country, Eisenhower said, must have assurances such material will not be used for military purposes by the countries getting it.

"Sharing certain information with other nations involves risks that must be weighed in each instance, against the net advantages to the United States," the President said.

Eisenhower noted his proposals are separate from his move last December to get Russia's cooperation in an international atomic energy development program.

He said he would propose additional legislation to take care of that if current talks with the Soviet Union make this necessary.

Eisenhower proposed the Atomic Energy Commission be given authority which at present only the

President has to allow private citizens or corporations to engage in the production of fissionable material outside the United States.

Opportunity For Industry

Asserting the commercial use of atomic energy for power "can soon be a reality," the President said a number of private firms already are studying various reactor types which might be developed to produce power at an economically feasible cost.

"There are indications," he said, "that they would increase their efforts significantly if the way were open for private investment in such reactors."

The President made these specific proposals aimed at a joint development program by the government and private industry:

1. Relaxation of bans against private ownership or leasing of fissionable material and the facilities for producing it.
2. Permission for private manufacture, ownership, and operation of atomic reactors and related activities.

3. Authority for the Atomic Energy Commission to establish safety and security regulations governing the use of fissionable material.
4. Permission for AEC to supply atomic materials and services at cost.

5. Liberalization of the Atomic Energy Act's patent provisions, principally by expending the area in which private patents can be obtained.

Eisenhower said it is necessary for the time being at least to continue some patent safeguards so that a few companies will be unable to build a monopoly in the nuclear power field.

Dairymen Face Milk Price Cut

EAST LANSING (AP)—The federal government's proposal to reduce milk support prices to 75 per cent of parity will catch dairymen in the worst cost-price squeeze since the depression, a Michigan State College expert said today.

Dr. Gerald G. Quackenbush, MSC agricultural economist, said Michigan farmers receive about 8 1/2 cents a quart for bottled milk and six cents a quart for milk going into manufacturing processes.

On a 75 per cent of parity basis, he said, the price will be cut to seven cents and five cents.

He declared the most efficient farmers in Michigan cannot produce milk for much less than 6 1/2 cents a quart if they figure their own labor at only \$1 an hour.

Under such a parity program, Dr. Quackenbush said, "one hundred pounds of milk will buy no more of the things used for farm production and family living, and pay no more interest, taxes, and labor than it would in the severest depression in history."

Unless Congress reverses the decision of Secretary of Agriculture Benson, Dr. Quackenbush said, milk prices probably will drop to the 75 per cent mark. The final result, he said, will depend on the action of marketing agencies and the farmers themselves.

Chamber Takes Cheery Look At 1954 Business

(Continued From Page 1)

ferences of opinion on the seriousness of the unemployment situation, but "the problem is real, it is here now, and it is inexcusable in a country like ours."

The CIO president, who also heads the CIO United Auto Workers, said signs of an economic pickup have not been seen yet in the automobile industry. The Chevrolet division of General Motors, he said, has just cut back to a four-day week "at a time when they should be moving toward higher production."

He referred to recent criticism leveled at him by Republican National Chairman Leonard W. Hall. Said Reuther: "If worrying about unemployment makes me a prophet of gloom . . . then I must plead guilty."

THOSE IN UNIFORM

Enroute To Japan — A 2-c Jack Courneene left today for San Francisco, Calif., where he will embark for Japan shortly. Airman Courneene, who recently completed his schooling in radio at Keesler AFB, Miss., spent a three weeks leave at the home of his parents, Mr. and Mrs. J. P. Courneene, 1031 Stephenson Ave.

Immigration Offices Give Boost To Cupid At Canada-U. S. Border

INTERNATIONAL FALLS, Minn. (AP)—A displaced Polish couple was honeymooning in Ontario today after customs and immigration men helped play Cupid in a marriage ceremony performed on the International Bridge here.

Joseph Byczyk, 37, and Maria Krys, 26, were childhood sweethearts until the war separated them. Miss Krys came to the United States from Germany in 1950 as a displaced person. Byczyk arrived in Canada on the same basis recently.

American immigration laws prevented Byczyk from coming here to claim his bride. Under Canada's regulations Miss Krys couldn't get a license there.

American and Canadian officials bent the rigid regulations of both nations a little bit, then attended the ceremony.

British Canberras Flying Over Pole

LYNEHAM, England (AP)—A British Canberra jet bomber took off today for a month's hush-hush flight over the north pole to test secret high speed and altitude navigation devices in the magnetic polar regions.

The twin-engine plane, carrying a crew of three Royal Air Force officers, left here at dawn. At the Azores it will refuel before hopping the Atlantic to Ottawa, Canada. It will fly some 14,000 miles in completing Britain's first jet polar tests. Chief pilot is wing Cmdr. Clive Stanbury, 39, a decorated bomber pilot in World War II.

More people get more news from newspapers than from all other sources combined.

Floods Threaten Lower Michigan After Snow, Rain

(Continued From Page One)

snowfall. Saginaw, too, felt a winter blast accompanied by snow.

Michigan Bell Telephone Co. reported that the combination of snow and rain had put some 21,500 phones out of service, nearly a quarter of them in the Detroit area. Repair crews restored emergency service.

At Midland, the Tittabawassee River was reported two feet above normal. However it was still short of flood stage.

Rivers Over Banks
The Red Cedar and Grand Rivers in Livingston and Ingham counties were expected to top their banks today by as much as a foot and a half.

Basements were flooded throughout the rain belt which stretched as far north as Gladwin and Cadillac.

Flint reported flood conditions at their worst since 1947 and 1948. School buses at Millington, outside Flint, and at Pontiac and Battle Creek were bogged down in mud so pupils got an unscheduled holiday.

Four Utica high school youths who went for a ride on a cake of ice in the flooding Clinton River were rescued yesterday by Utica Police Chief Hazen Anderson after perching nearly two hours in a tree.

The boys, all 14 or 15, walked out on an ice floe which began floating away. It struck a tree and broke up, but the boys managed to cling to the tree. They were given hot coffee at police headquarters and sent home.

Cabbie Kills 5; Shoots Himself

COLUMBUS, Ind. (AP)—A 45-year-old former taxicab driver killed his wife, his daughter and three step-children as they slept Tuesday and then killed himself.

Coroner Joseph Dudding said the five members of Kyde Ricketts' family had been dead from 12 to 24 hours when the bodies were found Tuesday night. The coroner said Ricketts had killed them and spent several hours in the small house alone before killing himself.

Dead besides Ricketts were his wife, Martha, 29; his daughter, Vicki Mae, 12, and his step-children, Patricia Ann Shelley, 8, Marvin Eugene Shelley, 7, and Gloria Jean Davis, 4.

Neighbors told of threats by Ricketts to wipe out the family but said the threats were not taken seriously. No one could explain what led to his final action.

Coal reserves in Illinois are estimated at 137 billion tons.

Personals

George Embs, who suffered a leg fracture in a fall from a scaffolding several months ago, returned to St. Luke's Hospital in Marquette Monday. He will have physical therapy 10 days, followed by surgery. He was accompanied by his mother, Mrs. Joseph Embs, who went on from there to Iron River to visit with her daughter, Mrs. M. F. Nolingberg, and members of her family.

Mrs. H. K. Anderson, who was called here by the death of her sister, Mrs. Flora A. Brown, and who spent several days at the Brown family home, 904 S. 15th St., returned to Kenton, Mich., Tuesday.

Mr. and Mrs. Grover Lewis, 523 2nd Ave. S., have returned from a month's vacation which they spent at Hallandale, Fla.

Mr. and Mrs. C. H. Sawdon and children Tommy and Johnny have arrived from Muskegon to spend a week at the home of Mrs. Sawdon's parents, Mr. and Mrs. Tom J. Tousignant, 517 S. 10th St.

Chatham

Luther Rally
CHATHAM—A group of Suomi College students will conduct a Luther League Rally Sunday evening, Feb. 21, at 7:30 p. m. at the Evangelical Lutheran Church at Eben. The theme of the rally will be "Crucified With Christ". Rudolph Kemppainen, seminarian, will be the speaker. Assisting him will be Darley Anderson, Mel Johnson, Charles Mills, and Miss Olga Mykkanen. Following the rally, refreshments will be served.

If your hair has been carefully set, it should hold between shampoos. All you should need to do at bedtime is make a few pin curls at strategic spots, clip waves and curls in place and cover with a good-fitting, strong net.

Women's Activities

This Recipe Is A Winner Of \$7,500

By CECILY BROWNSTONE
Associated Press Food Editor

A good cook gets her reward! Mrs. Joseph E. Terrill of Burlington, Kan., experimented and achieved what she thought was a perfect recipe for a sweet yeast bread. Judges of Pillsbury's recent 5th National Recipe and Baking Contest agreed, and awarded Mrs. Terrill the second prize of \$7,500 for her recipe.

We pressed our 15-year-old nephew into service when we tried Mrs. Terrill's Cinnamon Nut Crisps. After we had made the dough and cut it into one inch slices as directed, he had a lot of fun placing the slices on a sugared board and rolling them out thin. Naturally, when the crisps came out of the oven, he was one of our best tasters. Older eaters voted these individual coffee cakes especially good for dunking!

This prize-winning recipe will not appear in any other newspaper or magazine column. So if you have a yen to try a recipe that's made culinary history, here is your chance!

Cinnamon Nut Crisps

Ingredients: 1 cake compressed yeast or 1 package active dry yeast, 1/2 cup lukewarm water, 2 eggs (well beaten), 1 cup lukewarm cream, 3 tablespoons sugar, 1 1/4 teaspoons salt, 1 teaspoon vanilla, 4 1/2 to 5 cups sifted flour, 4 tablespoons butter (melted), 1 cup firmly packed brown sugar, 1 teaspoon cinnamon, 3/4 cup blanched almonds or other nuts (finely chopped), 1/3 cup raisins (chopped), extra sugar.

Method: Soften yeast in water. Mix eggs, cream, 3 tablespoons sugar, salt, vanilla and the softened yeast. Gradually add flour, blending thoroughly after each addition to make a stiff dough. Knead on well-floured board for 2 to 3 minutes until smooth. Place in greased bowl and cover tightly. Let rise in warm place (85°F to 90°F) until doubled in bulk, about 1 1/2 hours. Roll out to a 26 by 20 inch rectangle, about 1/4-inch thick. Brush with 2 tablespoons of the melted butter. Mix brown sugar and cinnamon; sprinkle half of mixture over dough. Fold long sides to center, press down firmly. Fold in half lengthwise, making 4 layers; press firmly to seal. Roll out again to a 26 by 12 inch rectangle. Brush with the remaining 2 tablespoons of melted butter. Mix almonds, raisins and remaining brown sugar and cinnamon mixture; sprinkle over dough. Roll as for jelly roll, starting with 26-inch edge. Cut into 1-inch slices. Dip one cut side of each slice in flour and place, floured side up, on board that has been sprinkled with extra sugar. Roll out to 1/4-inch thickness. Place on well-greased baking sheets, sugared side up. Let rise in warm place 15 minutes. Bake in moderate (375°F) oven until golden brown, 15 to 18 minutes. Makes about 2 dozen.

Note: While first pans of rolls are baking, place extra rolls on waxed paper, sugared side up, to let rise. Transfer to baking sheet to bake. If necessary, rolls may rise longer than 15 minutes.

When matching colors in home decoration, remember that texture makes a difference in the shade of color. A rough surface will look darker and warmer than a glossy one, even though the colors are dyed the same.

TRY IT before you buy it!

Positively not sticky

SWEET YEAST BREAD—Prize winner found it perfect.

Social-Club

Skilled Jills Meeting

The Skilled Jills, home economics club, will meet Thursday at 8 p. m. at the home of Mrs. John Holland Sr., 805 S. 15th St.

Priscilla Bake Sale

The Priscilla Sewing Circle is sponsoring a bake sale at Goodman's Drug Store Friday, Feb. 19, beginning at 1:30 p. m.

Priscilla Society Meeting

The Priscilla Society will meet Thursday at 8 p. m. in Immanuel Lutheran church parlors. Hostesses are Mrs. Marvin Freeberg and Mrs. Robert Allen. A film on missionary work will be shown.

P. E. O. Meeting

Chapter Z of the P. E. O. Sisterhood will meet Thursday at 8

p. m. at the home of Mrs. Oliver V. Thatcher, 618 Lake Shore Drive. Mrs. Clara Somers and Miss Grace McCall are assisting hostesses.

Bark River

Harris Extension

BARK RIVER—The Harris Home Extension club will hold a regular meeting Thursday, Feb. 18, at 8 p. m. at the Thomas DeLoughary home. The lesson is "Pressing and Storage Space."

Advice to new cooks: To blanch almonds, pour boiling water over them and let them stand just until the skins wrinkle. Drain the nuts and slip off the skins with your fingers. If you want to cut the blanched nuts into even slivers, do so with a small sharp knife while they're still damp and warm.

Church Events

Salvation Army

The directory study class for children from 7 through 11 will be held at the Salvation Army Hall Thursday at 4 p. m.

Immanuel Meetings

Immanuel meetings Thursday are the confirmation class at 4, Junior Choir at 5 and Church Choir at 7:15 p. m.

Salem Council Meeting

The council of Salem Lutheran Church, Escanaba, will meet Thursday, Feb. 18, at 8 p. m. at the church.

Bethany Meetings

The 7th and 8th grade confirmation class of Bethany Church will meet at the church Thursday at 4:05 p. m. Bethany Senior Choir will practice at 7:30 p. m. Thursday.

Bethany Missionary Society

The Woman's Missionary Society will meet at Bethany Chapel Thursday at 7:45 p. m. Mrs. Frank Wawirka is program chairman. Hostesses are Mrs. Francis Artley, Mrs. Arthur Buckland, Mrs. William Anderson, Mrs. John Sundberg, Mrs. Carl Anderson, Mrs. Gust Myrsten, Mrs. Clarence Kasten, Mrs. Henry Rose and Mrs. George Kositzky.

Covenant Social Meeting Thursday

The Ladies' Aid of the Ev. Covenant Church is holding its monthly social meeting Thursday at 2:30 p. m. in the church parlors. The program of the afternoon will be presented by the Rev. Philip T. Lindholm of Bark River. Mrs. Edith Anderson and Mrs. Carl Lambert are hostesses.

Births

Mr. and Mrs. Delor Wellman of Detroit are the parents of a boy born Jan. 26 at Detroit. Mrs. Wellman is the former Pat Englund of Bark River.

"Oh, Jim's fine... except for a little trouble with his back now and then!"

Grand Marais

Engagement Announced

GRAND MARAIS — Mr. and Mrs. Robert W. Erickson of Grand Marais, announce the engagement of their daughter, Mary Jane, to Eugene Beaune, son of Mrs. Lottie Beaune of Brimley. The wedding will take place April 10, at Grand Marais Methodist Church.

Valentine Parties

St. Anne's Guild of the Holy Rosary Church sponsored a Valentine party Sunday evening in the parish hall. Young and old enjoyed the get-together which was followed by lunch. The parishioners sang a happy birthday greeting to one of their older members, Mrs. Pauline Tomkiel, who marked her 75th year and Fr. Mark presented her with a birthday box of candy.

Mary Katherine Meldrum entertained a few of her little preschool girl friends at a Valentine party during the time their big brothers held their party at school. The little girls included, Mary Frances Cappagrossa, Lyn Lundquist, Patricia Senecal, Christine Picel, and Cheryl Coulson. The boys who joined them at noon for the lunch were Michael Meldrum, Charles (CoCo) Picel, Gerald Lundquist, John Cappagrossa, Scott Thorington and Charlene Senecal. They played games and exchanged Valentines with Charles Picel, Gerry Coulson and Mary Meldrum winning prizes.

Celebrate Golden Wedding

Mr. and Mrs. Elzeor LaRoux, former Grand Marais residents, observed their 50th wedding anniversary recently. Mrs. LaRoux is the former Elvina Phoenix, and is a retired school teacher. Mr. LaRoux is a retired mail carrier.

Former Residents Die

Sam Viette, who has the distinction of being the oldest Grand

Marais resident received notice recently of the death of his son, Patrick, of Detroit.

Funeral services were held Monday for Mrs. Charles Gill, 44, the former Janet Vaudreuil of Grand Marais at Logansport, Ind. Mrs. Gill died February 12 in Chicago after a long illness. Her mother, Mrs. Christina Vaudreuil of Grand Marais and brother, Bill, also of Grand Marais were there at the time of her death.

VFW Fire

The VFW Club of Grand Marais was partially destroyed by fire Thursday evening. At the time of the fire 30 some members of a pinocchio club were enjoying themselves. All got out safely though the building was badly damaged.

Receives Army Discharge

Cpl. George Nettleton, son of Mr. and Mrs. Clarence Nettleton is home again after receiving his discharge from the army at Ft. Sheridan. Cpl. Nettleton arrived just recently from Germany where he had been stationed the past 18 months. While in Germany he met once with Cpl. William Peterson, son of Mr. and Mrs. John Peterson, near Kaiserslautern.

Briefs

Mrs. Edith McLean and Mrs. Sarah Senecal attended a recreational school conducted by Arden Peterson of Michigan State at Newberry. Mrs. McLean and Mrs. Senecal are members of the Grand Marais Home Art Extension Club. Mr. and Mrs. August Britz of Marine City are visiting at the home of her sister, Mrs. Irene Endress.

Mrs. Russel Hild and Mrs. William Campbell of Newberry visited Sunday at the home of the latter's mother, Mrs. Emma Seymour.

Seminarian Matthew Nyman who is on vacation from St. Paul's Seminary spent a few days in

Home League Social Thursday Evening

The Salvation Army Home League will hold a social meeting Thursday at 8 p. m. in the hall, 112 N. 15th St. Mrs. Dave Gerou is in charge of the program which will include a song by the assembly, selections by a vocal trio, Mrs. Alfred Swanson, Mrs. Louis Thompson and Mrs. Roland Ekstrom, instrumental duets by Bonnie and Dick Polmateer, a reading by Mrs. Ronald Lindstrom and a closing song by the assembly. Refreshments will be in charge of Mrs. Bernard J. Brunelle and Mrs. Ronald Lindstrom. The public is invited.

More people get more news from newspapers than from all other sources combined.

Painesdale recently visiting with former Grand Marais pastor, Fr. John Beloit.

Auto Industry Sets Goal Of 5½ Million Passenger Vehicles

By DAVID J. WILKIE
Associated Press Auto Editor
DETROIT (AP)—The auto industry has set its production goal for this year at a minimum of 5½ million passenger cars.

In addition to that it expects to build close to a million trucks, almost entirely for peacetime users.

Whether the industry's merchandising division can sell that many vehicles this year is being seriously questioned. The men who speak for the retailers visualize a market for about 4½ million new cars.

One very definite fact about the 1954 car market is that sales are not going to come easily. Every dealer has substantial inventories. Every customer has become extremely choosy.

Shopping Around

The new car buyer is shopping around. For some reason he expects a price cut, a high trade-in allowance or some free accessories. Only a year or so ago he was using all his efforts to get delivery of a new car. And he wasn't complaining very much about the price.

Obviously the fact more than 51 million cars and trucks currently are in use has something to do with this changed viewpoint. An equally obvious factor is the return of what the auto makers euphemistically call "product availability."

The most recent survey of new car stocks indicated the retailing division began the new year with the product available to the extent of more than 462,000 passenger cars.

Inventories Eased

In an average market that would not be excessive. With high volume production and a growing accumulation of trade-in cars it frightened many retailers. Some began trading wildly and cutting their profit margin.

One result now apparent is built up used car inventories. And

until the used car stocks are sharply reduced the going is likely to be rough for many new car dealers.

Of immediate concern to the car makers right now is the demand for 1954 models. January-February sales invariably lag. Yet with their newest models scarcely in volume output several manufacturers have slowed down.

And for the first time in many years they made no secret of the fact the curtailments are designed to ease dealer inventories.

This, of course, is just a temporary slowing down. The stiffest battle the industry has seen among General Motors, Ford and Chrysler is not far ahead. It will bring tremendous sales pressure. It may bring better dollar value to the customer.

What it will do the smaller auto companies still is problematical.

Powers-Spalding

Mr. and Mrs. Bernard Danheux and daughter, Kathleen, of Green Bay were weekend guests of Mrs. Danheux's parents, Mr. and Mrs. Tim Loeffler.

Mr. and Mrs. Wally Hanson of Seattle, Wash., are the parents of a daughter, Debra Louise, born Feb. 7. The baby weighed 6 pounds and 8 ounces. Mr. Hanson is a son of Mrs. Julius Hanson of Powers.

Mr. and Mrs. Mathew Pielot have received word that their son, Lloyd, arrived in Germany.

Mrs. Helen LaFave has returned to her duties with the domestic staff of Pinecrest after convalescence following surgery.

Miss Hedwig Shoup, vocational rehabilitation director of Pinecrest spent Sunday in Iron Mountain where a family reunion was held at the home of her sister and brother-in-law, Mr. and Mrs. Paul Farrington.

HAPPY PIRATES are Janet DeCaire and her partner, John Derouin. This duet will be featured in the production number, "Pirates Life," of the "Ice Varieties of 1954." (Daily Press Photo)

Bills To Change Name Rock Of Michigan State Will Be Put On Shelf

LANSING (AP)—Michigan State College officials asked the Legislature Monday night to shelve bills to change the institution's name to Michigan State University.

Sponsors of the legislation said they would ask House and Senate committees to kill the bills.

A letter signed by Clark L. Brody, chairman of the college governing body, and Pres. John A. Hannah asked the move "in view of the situation that has arisen and the misunderstandings that exist."

The University of Michigan has vigorously opposed the new name on the grounds that it would lead to confusion.

Schaffer

P.T.A. Election
SCHAFER—Mrs. John Butryn was elected president of the Schaffer P.T.A. Wednesday evening at the Schaffer School. Other officers elected were Mrs. Mike Skrobiak, vice president; Mrs. John Desjardin, secretary, and Stanley McInnis, treasurer.

A Founder's Day selection was read by the president, and slides were shown by Mrs. C. A. Olson. Following the penny march, a tasty lunch was served by Mrs. Louis Sabourin, Mrs. Joe Butryn and Mrs. Roy Seymour. A large decorated Founder's Day cake formed the centerpiece.

Farewell Party

Pvt. Elmer Derocher and Pvt. Russell Taylor were pleasantly entertained at a party at the Eugene Derocher home Thursday evening. The group enjoyed dancing and singing after which a lunch was served. The two boys left Friday for Ft. Leonard Wood, Mo., where they are stationed with the 6th Armored Division.

Entertains Club

Mrs. Ed Taylor entertained the 500 club Thursday evening. Awards went to Mrs. Ed Meyers, Mrs. Louis Racicot and Mrs. Eli Taylor. Lunch was served.

Briefs

Mrs. Robert Savage and infant daughter returned home Friday from St. Francis Hospital.

Roy Taylor was released from St. Francis Hospital Saturday and is recuperating from surgery at the home of his parents, Mr. and Mrs. Eli Taylor.

Brothers of Mrs. Victor Auger who are visiting with her are Joseph Grimard of New Hampshire and Wilfred Grimard of Canada. They will visit relatives at Chicago for a week accompanied by Mr. and Mrs. Victor Auger.

Other visitors at the Victor Auger home Sunday were Mr. and Mrs. John Yirsa and the Phil Miron of Gladstone, Mr. and Mrs. George Cody of Escanaba, Mr. and Mrs. Richard Feak of Soc Hill and Mr. and Mrs. Eugene Auger of Escanaba.

Reduces Carbon! Stops Knock! It's Anti-Rust and Anti-Stalling! Has New Upper-Cylinder Lubricant!

CITIES SERVICE

New 5-D Premium

THE WORLD'S FIRST 5-DIMENSIONAL GASOLINE

For the first time... all the country's top premium features in one great gasoline, plus the exclusive Cities Service anti-carbon feature!

READ HOW AND WHY the five important features of Cities Service New 5-D Premium can provide the longest full-powered engine life in automotive history!... a cleaner engine than ever before! HOW AND WHY they give more power, more mileage, more downright motoring pleasure than ever before!

ANTI-CARBON... the first gasoline to reduce harmful carbon inside your car's engine! New 5-D actually introduces more oxygen into your car's combustion chamber... added oxygen that provides more complete burning of every drop of gasoline. Less waste matter. Less carbon! More complete engine power!

EXTRA-HIGH OCTANE... New 5-D's Extra-High Octane will help eliminate knock in the newer high compression engines as well as in older cars. It

will mean a smoother, quieter engine, AND, an engine that is more powerful, far more economical to operate. Not just "high test," not just "premium," but Extra-High Octane!... That's 5-D.

ANTI-RUST... In actual tests, New 5-D Premium was proved to protect the entire fuel system against rust... eliminates rust that forms in gas tanks and fouls fuel lines and delicate carburetor mechanisms. You have a better running car, a better protected engine.

ANTI-STALLING... New 5-D Premium eliminates annoying stalling caused when ice forms on carburetor throttle valve, jamming it shut and cutting off the fuel supply. With New 5-D Premium, THAT ICING CANNOT HAPPEN.

UPPER-CYLINDER LUBRICANT... unlike old-fashioned lubricants, the New 5-D Upper-Cylinder Lubricant contains an anti-oxidant that prevents the lubricant from oxidizing (carbon) on vital engine parts. New 5-D lubricates vital engine parts as it powers your car!

New 5-D Premium

Rains Bring Mud; Lightning Storms In Lower Michigan

By THE ASSOCIATED PRESS
Rain and lightning storms trailing a false spring across Michigan collapsed at least one roof, disrupted public utilities, soaked many basements, slicked highways and turned back roads into quagmires overnight.

Some schools were forced to close. In others many pupils missed because buses were unable to get them over thawed, muddy dirt roads.

The Weather Bureau reported, however, that a cold front pushing the storm along would snap temperatures back below freezing all over the state tonight. Record highs were recorded almost universally Monday, ranging from 1 in Detroit to 39 at Houghton.

Pounding rain at Jackson, which got 2.5 inches overnight, collapsed stock room roof at the Hilsinger Jackson Corp. and flooded the plant to a depth of two inches.

At least 800 telephones in the Jackson area and 500 at Battle Creek were out of service. Lightning was blamed for deadening some phones, rain for others.

Lightning struck a power substation at Cement City knocking out electric service there for an hour and a half.

One bolt of a brilliant lightning display at Ann Arbor hit a 24,000-volt line of the Detroit Edison Co. but service was not affected. Police said excited telephone calls reported "everything from explosions to bombings" during the height of the storm.

Flint got 2.2 inches of rain overnight. Roads were awash. Many basements were flooded and the wall of one collapsed. Authorities said conditions there were the worst since the floods of 1947 and 1948.

The synthetic drug, made with chemicals from petroleum, frees this country from dependence upon foreign supplies.

Synthetic production of atropine is announced by Winthrop-Stearns, Inc., of New York City and Kenschler, N. Y.

Nerve gas paralyzes nerves, causing death unless quickly counteracted. Atropine neutralizes the paralyzing chemical in nerve gas.

The firm has supplied 330 pounds of atropine for Defense Department stockpiles. A life-saving dose is only 1-150th of a grain of atropine sulfate. Thus a single pound of atropine is enough to treat more than one million persons. The drug can be stockpiled in ampules ready for injection.

Atropine is obtained naturally from atropa belladonna and datura stramonium. The biggest producers of these plants are Czechoslovakia, Hungary, Bulgaria, Romania and Yugoslavia, with some now beginning to be grown in Australia.

About 1,000 pounds of atropine are used annually in this country, mostly as an anti-spasmodic to relax muscles in treating gastro-intestinal disorders, and for eye drops in eye examinations.

Perkins

Church Services

PERKINS—Services at St. Joseph Church will be at 8 and 10 a. m. Sunday, Feb. 21. Confessions will be heard Saturday from 4:15 to 5 p. m. and 7 to 8:30 p. m.

Sacred Heart Church at Rock will have a 7 a. m. mass and confessions from 3 to 4 p. m. Saturday.

Choir practice will be held this evening, Feb. 17.

Child Baptized

Virginia Ann Louis, daughter of Mr. and Mrs. R. J. Louis, was baptized Sunday at St. Joseph's Church with the Rev. Wilbur Gibbs of Marquette, an uncle of the child, officiating. Sponsors were Mr. and Mrs. Robert Hughes of Escanaba.

Card Party

A large number of people from St. Nicholas, Rock, Perkins and Brampton attended a card party held at St. Joseph parish hall Sunday evening. The party was sponsored by St. Jude Circle.

Card games were played with Mrs. John Severinsen of St. Nicholas holding high honors, Mrs. Helen Gaudette of Perkins holding low honors, and Mrs. Nellie LaForest of Detroit receiving the guest award. Lunch was served at the close of the evening.

Celebrates Birthday

Mrs. Florian Decremier celebrated her 84th birthday at her home Friday, Feb. 12, with her children and grandchildren. She was presented with a purse of money. Lunch was served.

Relatives attending were Mr. and Mrs. John Decremier, Mr. and Mrs. Joe Decremier and family of Perkins, Mrs. Josie Carlson and Mr. and Mrs. Clifford Carlson of Rock, Mr. and Mrs. Norman Carlson and family of Marquette, Mr. and Mrs. Art Dodge and family of Wells and Mrs. Clarence Carrier and daughters, Bonnie, of Gladstone.

Births

A daughter, Acyne Theresa, was born at the home of her parents, Mr. and Mrs. Fred Hackenbruch, Monday, Feb. 15. The little girl was born on the same birthday as her only sister, Martha, who is 11. There are six boys in the family. The baby weighed 8 pounds and 11 ounces.

Mr. and Mrs. Gordon Nelson of Gladstone are the parents of a daughter born Sunday, Feb. 14, at St. Francis Hospital. Mrs. Nelson is the former Patricia Peterson of Perkins.

Briefs

FAVORED OVER COFFEE—Taking a tip from 15 million Latin Americans, Dr. Marion T. Hall, botanist at Cranbrook Institute of Science in Bloomfield Hills, Mich., passes up high-priced coffee in favor of yerba mate (pronounced mah-tay). It is a kind of tea brewed in a decorated gourd from which it is sipped by means of a "bomilla" or metal straw. Dr. Hall says that mate has been the favorite beverage of the coffee-growing nations for over 2,000 years. (AP Photo)

of Escanaba visited Sunday with Mr. and Mrs. Carl Branstrom.

Visitors Sunday at the home of Mr. and Mrs. Henry Gustafson were Mr. and Mrs. Joseph Olszewski and daughter, Kay, and Mr. and Mrs. Frank Kolich and daughter, Shelia, of Escanaba.

Mr. and Mrs. William Evenson and daughter, Valma, of Milwaukee, arrived Friday to spend several days visiting here.

Visitors Sunday at the home of Mrs. Mathilda Lancour were Mr. and Mrs. Raymond Lancour and family of Burlington, Wis., Mr. and Mrs. Leonard Chaulkin and family of Elkhorn, Wis., Mr. and Mrs. Lawrence Lancour and family of Marquette and Ferdinand Lancour Sr. of Escanaba.

Mr. and Mrs. William Krouth and Mr. and Mrs. William Evenson and daughter visited relatives at Gwinn Sunday.

Mr. and Mrs. Emil Casimer of Gladstone entertained several friends and relatives at their

TRUCKS ARE TRUCKS

LINCOLN, Neb. (AP)—They make no exceptions at the highway weighing stations set up around Nebraska to see that trucks abide by weight regulations.

One of the trucks ticketed was a state weights-and-measures truck, sent out to test the accuracy of sales.

GLADSTONE

Take Entries For Pin Meet

Entries are now being accepted for the Individual Handicap Bowling Tournament to be held at the Midway lanes on the weekends of Feb. 27-28 and March 6-7.

To the winner will go a guaranteed first prize of \$100. One hundred or more bowlers are expected to compete. The entry fee is \$5.00 which includes the bowling. Four games will be rolled across 8 alleys.

William S. (Gramps) Skellenger was the winner last year.

The event is being run on a handicap basis. Bowlers will receive two-thirds of the difference between their average and 190, the scratch figure, with 40 pins set as the maximum which may be received. League averages as of Jan. 1 will be used in determining handicaps.

Briefly Told

Midweek Prayer—Midweek prayer services are to be held in the First Baptist Church tonight at 7:30.

Brotherhood To Meet—The Lutheran Brotherhood will meet at 8 Thursday evening in the church parlors.

Executive Board—The Executive Board of the Covenant Fellowship of the Mission Covenant Church will meet after the social hour of the Covenant Fellowship on Thursday evening.

Women's Department—The Woman's Department of the Reorganized Latter Day Saints' Church will meet at 8 Thursday evening at the home of Mrs. Verna Rasmussen, 1322 Superior Ave.

Prayer Service—The regular Mid-week prayer service for members of the Free Methodist church will be held at 8 tonight at the home of Mr. and Mrs. James McKnight, 410 Delta Ave.

Attend Services—Others who attended funeral services held Monday for Del Calder were, Tom Beaton, Mrs. Phil Clark, Mrs. Carrie Thielicke, and Mr. and Mrs. George Jensen and son Kenneth, Escanaba.

Splashes Mud On Car, Is Arrested

Splashing mud on another's auto brought a \$5 fine to Nicholas Mihalic of Wells yesterday when he appeared before Justice of Peace A. T. Sohberg, to answer to a traffic charge. Mihalic is alleged to have passed a local motorist on the wrong side and in so doing struck a puddle of water splashing it all over the other car.

Plan Bake Sale As Hospital Benefit

A bake sale as a benefit for the Community Hospital Fund is being sponsored Saturday by the Child's Welfare Club. The sale will be held at the Butch hardware and will begin at 10 in the morning. All members of the Welfare Club are expected to contribute goods for the sale.

Stopper Disputed

READING, Pa. (AP)—You might be able to drive through the stop sign on North 13th St. here and not pay a fine.

You might have to take the matter to court though.

The state said the stop sign was erected on a state highway with out permission of the state.

Use Sidewalks, Quit Snowballs, Students Urged

A warning that snowballing and walking in the streets will not be tolerated was given yesterday by Police Chief Torval Kallerson.

Chief Kallerson pointed to the dangers of snowballing and also to the hazards of walking in the streets both from the standpoint of the pedestrian and the motorist.

Cooperation of parents in putting an end to both practices was urged by the police chief.

Social

St. Paul's Aid

The Ladies' Aid society of St. Paul's Lutheran Church will meet at 2:30 Thursday afternoon in the church parlors. Mrs. John Gustafson will be the hostess.

Baptist Aid

The Ladies' Aid society of the First Baptist Church will meet at 2:30 Thursday afternoon in the church parlors. Mrs. Gust Landahl will be the hostess. The public is invited.

Women's Aid

The Women's Department of Reorganized Latter Day Saints' Church will meet at 8 Thursday evening at the home of Mrs. Verna Rasmussen, Superior Ave., and 14th St. A social in the form of a Valentine party will follow the business meeting.

Evening Guild

The Evening Service Guild of Memorial Methodist Church will meet at the home of Mrs. Joseph Butch, 615 Dakota Ave., Thursday evening at 8. Mrs. Helmer Peterson will be assistant hostess. The Rev. Byron Hatch, pastor of First Methodist Church, Escanaba, will lead the devotions.

Covenant Fellowship

The Covenant Fellowship will meet in the Mission Covenant Church Thursday evening at 8. The program will include hymns, a scripture reading and prayer by Mrs. Elmer Carlson, a song by a girls' chorus, a reading by Miss Helen A. Sohberg, a piano solo by Marilyn Bredahl, a hymn and benediction. Mrs. Harold Nelson is the hostess. A social will follow. A large attendance is anticipated.

Birthday Party

Candace Marie Belanger, who celebrated her sixth birthday Feb. 10, was honored at a party on Saturday afternoon at the home of her grandparents, Mr. and Mrs. Walter Belanger. Games were played by the children and prizes awarded to the various winners. The birthday cake and table had a Valentine motif as the decoration. Each little guest was presented with a gift. Candace received many nice gifts as mementoes of the occasion.

Those attending were Mike Stammer, Scotty Bovin, Mark Gabrielson, Mike Balenger, Kathy Reno, Mary Sinnavee, Linda Carlson, Barbara Nicholas, Joann Coppock, Marcy Schafer, Candace and Sandra Inskeep, Anna Mae Balenger, Darlene Anderson of Ensign and Candace's sister, Nancy Mae.

City Briefs

Mr. and Mrs. Harvey Fournier and son of Gladstone spent the weekend with Mr. and Mrs. Allan Nordon and family at Chatham.

New Upholstery Class To Form

The second adult education course in furniture repair and upholstery will start Monday night at the manual arts department of Gladstone High School under the direction of Harold Enders. The first course concluded this week.

Mr. Enders said yesterday there is still room for a number of persons who wish to take the course. The fee for the course is \$2.50 per person.

Interested persons may contact Mr. Enders or phone the office of Supt. Wallace Cameron. Inasmuch as only a few can be accommodated applicants will be taken in the order in which they apply.

List Pairings For Smear Tournament

Pairings for Thursday night's play in the Holy Name smear tournament are as follows: Emil Casimir vs. Alphonse Creten, Phil Gagnon vs. Louis LaComb, Julius Reubens vs. Albert Wilmette, Harry VanDonsel vs. Bernard DeHooghe, John Gnat vs. Don Zierke, Clyde Alworden vs. Armand Ducheny, Andy Vargo vs. Pete Standing, August Boden vs. Mel Cassell and Ed LeRoux vs. Charles Demeter.

MANISTIQUE

March Of Dimes Purposes Told

The National Foundation for Infantile Paralysis was created in 1938 for the purpose of initiating and supporting a comprehensive effort by scientists to develop practical means whereby man could protect himself from the paralytic consequences of an infection with the virus of poliomyelitis, Fred H. Hahne, chairman of the Schoolcraft County Chapter of the National Foundation, reminded today.

That was the principle objective of the organization when it was formed, and it continues to be so today, the Schoolcraft chairman pointed out.

"You never know where polio will strike," Hahne noted. "There's little Jerry Lynn Williams of Seney, only six months old, who now is receiving treatment in St. Luke's Hospital in Marquette. And Carol Walters, 16 year old Manistique High school student recuperating from a bout with the disease.

50c Per Person

These are but a couple of the many who are suffering from this dreadful disease, the Schoolcraft chairman notes.

With the announcement by Basil O'Connor that the National Foundation will need at least \$75,000,000 to finance a nation-wide Polio Prevention Program in 1954, our state chairman, Paul D. Bagwell accepted the challenge and has set his sights on a goal of \$3,000,000 in Michigan, Hahne observes.

"But this is still less than 50 cents per person," he added.

This task of raising \$3 million in Michigan can be accomplished only by having the full co-operation of all organizations in every county, Schoolcraft's chairman emphasizes.

Youth Helps

Schoolcraft County this year has been asked to raise \$3,000 in the fight against polio.

"The teen-age dance sponsored by the Veterans of Foreign Wars auxiliary here Friday night is one of the many activities that organizations can arrange to make the Schoolcraft County Chapter's campaign a success," Hahne stated.

The dance Friday night at the VFW clubrooms is primarily for teen-agers, but adults also have been invited. All proceeds will go to the fund-raising campaign of the Infantile Paralysis chapter here.

Youths in Manistique already have been active in the polio-fund drive. Students of the Junior High School and Central Grade school have contributed \$14.83 to the March of Dimes and earlier newspaper carrier boys collected more than \$80 for the March of Dimes.

City Briefs

Mr. and Mrs. Thomas Jordan left Monday for their home in Richmond, Va., after visiting here with their daughter and son-in-law, Mr. and Mrs. William McKenzie Jr., Garden Ave.

Mrs. Earl Malloch Jr., 542 Michigan Ave., is a surgical patient at Little Traverse Hospital in Petoskey.

Mr. and Mrs. James Miller, N. 3rd St., and Mr. and Mrs. Carl Carlson, Range St., are attending the lumberman's convention in Milwaukee.

Mr. and Mrs. Nick Thennes, of Garden, are the parents of a son born Feb. 13 at Schoolcraft Memorial Hospital. The infant weighed 7 pounds and 4 ounces.

Mr. and Mrs. Marvin Fredericksen, 520 Arbutus Ave., are the parents of a daughter, weighing 8 pounds and 2 ounces, born Feb. 16 at Schoolcraft Memorial Hospital.

Word has been received here of the birth of a son to A. 2-c and Mrs. Wallace Letson, of Portland, Ore. The infant, who weighed 7 pounds, 5 ounces, has been named Thomas George. Airman Letson is at present stationed in Korea. He is the son of Mr. and Mrs. Albert Letson, River Road.

Thompson

THOMPSON — Mr. and Mrs. Gerald Turek, of Royal Oak, are visiting here with Mrs. Turek's mother, Mrs. James Coffey.

More people get more news from newspapers than from all other sources combined.

Plan Program For Washington Observance Here

A special program for observance of Washington's Birthday has been planned by the Women's Society of Christian Service of the First Methodist church.

The program will be presented at 2 p. m., Saturday at the church. The numbers are as follows:

Welcome—Mrs. Claude O'Neil, president.

Hymn—Faith of Our Fathers, audience.

Prayer—Mrs. Edgar Smith.

Selection by Sunday School Orchestra — "Wonderful Grace of Jesus." Richard and Stephen Smith, Sandra Anderson and Joyce Fiegel with Kathryn Hall as accompanist.

Trombone and trumpet duet—"Pals," by Richard and Stephen Smith.

Selection by Sunday School Orchestra—"Old Rugged Cross."

Reading—Elmer Rieckhoff.

Solo—Mrs. George Drew.

A Play—Mrs. William Norton.

Remarks—Mrs. O'Neil.

Benediction by the Rev. Edgar M. Smith will follow, and refreshments will be served afterward.

Social

Birthday Club

Mrs. John Kelly, Arbutus Ave., entertained members of her birthday club at a 6:30 dinner at her home Monday evening.

Prizes in bridge were given to Mrs. Paul Vezina and Mrs. Otter Schuster. The traveling prize was given to Mrs. William J. Sheahan.

Mrs. Kelly was presented with a birthday gifts from the group.

Square Dance Club

A large group attended the meeting of the Square Dance Club Saturday evening in Lincoln School gym.

Music was furnished by Norman Martin, Charles Kane and Eva Chartier. Callers were Alex Creighton, George Tufnell and George Brown, of Trenary.

Lunch was served from a table decorated in a Valentine motif. Hosts were Mr. and Mrs. William McKenzie, Mrs. Donald McKenzie and Mr. and Mrs. Alvin Nelson.

The next meeting will be held Feb. 27. Everyone is welcome.

VFW Auxiliary

The VFW Auxiliary, at its social and business meeting Monday evening in the club rooms, completed plans for the teen age dance to be held Friday, Feb. 19 at the VFW clubrooms, and initiated Mrs. Norman Saffer as a new member.

Cards were played and prizes were awarded to Mrs. Margaret Bergman, in buncio; Mrs. Fred Williams, in canasta; and Mrs. Albert Swanson, in 500. The special award was given to Mrs. Albert Ackerman. The award for the person having the most for the kitchen went to Mrs. Fred Williams.

Lunch was served by Mrs. John Stoor, Mrs. Harry Hastings, Mrs. Lee Norton, Mrs. Dewey Minor, Mrs. William Belville and Mrs. George Grimm.

Mass Communication Effect On Children Will Be Topic Here

Mrs. Earl H. LeBrasseur of the Manistique Public Library staff will be the principal speaker at a meeting of the Lakeside-Central PTA Thursday night in the Lakeside school. The meeting begins at 8 p. m.

Mrs. LeBrasseur will speak on "Our Children and Comics, Movies, Radio and TV," outlining the effects of mass communications and entertainment on children.

She also will describe various types of material available, and discuss community action for improvement.

Kolinske Infant Dies At Hospital

Audrey Ann Kolinske, infant daughter of Mr. and Mrs. Roy Kolinske, of Cooks, died Tuesday noon at Schoolcraft Memorial Hospital.

The child was born Feb. 6 at the hospital.

Survivors include the parents, one brother, Michael, and two sisters, Chris and Linda, at home.

Burial will take place in Fairview Cemetery this spring.

In Santiago, Chile, the owner or manager of a building which catches fire is arrested and must prove that the fire was an accident.

YMCA Will Honor MHS Principal

CARL OLSON

Honors will be accorded Carl Olson, principal of Manistique High School, by the State YMCA at its annual convention in East Lansing Saturday, Feb. 20.

The Manistique principal has served the Young Men's Christian Association of Michigan for 25 years through leadership of Hi-Y clubs.

A banquet at noon Saturday, at which the recognition will be made, will highlight the day-long convention in the Kellogg Center at East Lansing.

Speakers at the YMCA meeting will include Dr. Clark Kuebler, president of Ripon College in Ripon, Wis. Doctor Kuebler has spoken both in Manistique and Escanaba in recent years.

During the coming weekend, Principal Olson also will attend sessions of the annual convention of the national Association of Secondary School Principals, at Milwaukee.

Young men newly enlisted in the Air Force report to an indoctrination center for basic military training before this technical training can begin. Enlistees report either to Lackland AFB in San Antonio, Tex., or Sampson AFB in Geneva, N. Y.

On completion of basic training, airmen qualified for technical training are assigned to Keesler AFB in Biloxi, Miss., for training in one of the basic technical fields. Afterwards they specialize in certain phases of their fields, according to particular skills and aptitudes.

Full information can be obtained at the U. S. Air Force recruiting office in the post office at Manistique. Inquiries regarding technical training and enlistment are invited. Sgt. Gilbert Verbit is the recruiter here.

Friends may begin calling at Messier-Broulliere Funeral Home this evening. The rosary will be recited there Thursday at 8 p. m.

Michael Barr Sr., 83, of 435 Alger Ave., died at 12:20 a. m. Tuesday at Schoolcraft Memorial Hospital, after being a patient there three days.

He was born Feb. 15, 1871 at Mislava, Austria Hungary, and came to the United States in 1890. He settled in Manistique and had lived here since.

His wife, the former Mary Mahlyar, whom he married in 1892 in St. Francis de Sales Church died in 1949.

He was fireman foreman at the Charcoal Iron Company in Manistique for 25 years, and later worked for the County and State Highway Departments. He retired 10 years ago.

Surviving are three sons, Michael Jr., of Flint, Martin, of Cloquet, Minn., and Bert of Manitowish, Wis.; one daughter, Mrs. John (Regina) Welch of Manistique; one brother, Martin of Garden City, three grandchildren, and three great grandchildren.

Funeral services will be held at 9:30 a. m., Friday at the Oak Theatre Burial will take place in the spring in Lakeview cemetery.

Technical Training Courses Available For AF Enlistees

The technical training division, Headquarters U. S. Air Force, has recently emphasized that more than 100 principal technical training courses are available for newly qualified enlistees of the Air Force.

Airmen schooled in the many, complex fields of mechanics and science, to keep the Air Force in a position of world leadership, have always been one of the most valuable assets of the nation. This is especially true of the advanced students of electronics and mechanics, the Air Force points out.

Today, the rapidly expanding fields of jet and rocket propulsion, radar, electronics and other revolutionary systems, require an even greater nucleus of highly skilled personnel in order to maintain America's position of air superiority, the Air Force adds.

New Fields

For the young man who desires a career in aviation and who has the ability and aptitude, ample opportunities are available to perform in one of the most vitally important technical fields concerned with national security, the military unit stresses.

If the applicant has a high school diploma or has taken high school courses in mechanics, physics, electricity or radio, and has a "flair" for the mechanical, he will find technical training available for the asking, the Air Force states.

Many of the specialties concern fields of technical training still in their infancy. Men to train for electronics navigation equipment repair, early warning radar repair, electric countermeasure repair, guided missile system operation and repair and mechanical-electronic computer repair are listed among the top priority needs of the Air Force.

Inquiries Invited

Young men newly enlisted in the Air Force report to an indoctrination center for basic military training before this technical training can begin. Enlistees report either to Lackland AFB in San Antonio, Tex., or Sampson AFB in Geneva, N. Y.

On completion of basic training, airmen qualified for technical training are assigned to Keesler AFB in Biloxi, Miss., for training in one of the basic technical fields. Afterwards they specialize in certain phases of their fields, according to particular skills and aptitudes.

Full information can be obtained at the U. S. Air Force recruiting office in the post office at Manistique. Inquiries regarding technical training and enlistment are invited. Sgt. Gilbert Verbit is the recruiter here.

Friends may begin calling at Messier-Broulliere Funeral Home this evening. The rosary will be recited there Thursday at 8 p. m.

IS ENGAGED — Mr. and Mrs. Robert Sien, River Rd., are announcing the engagement of their daughter, Naomi, to Pfc. Donald J. Jenerou, who is attached to Hdq. Co. 3rd Battalion, 325 A.I.R., of the 82nd airborne division at Fort Bragg, N. C. He is the son of Mr. and Mrs. Lawrence Jenerou, River Rd. No date has been set for the wedding (Landerth Photo)

Music Students Give Concert

Vocal music students of Manistique High School Tuesday night presented an enjoyable concert under direction of Douglas Harding.

Both the Glee Club and Chorus sang, before an audience of approximately 500.

The concert opened with several numbers played by the school band under direction of Joseph L. Giovannini.

Katherine Hall was accompanist for the Glee Club and Margaret Quick for the Chorus. Soloists heard in the choral numbers included Robert Corson and Loretta Charron.

In This Corner

With Ray Crandall

Vincent Myers, whose 170 average is fourth highest in the Elks Friday Night bowling league, rolled an unusual series the other night . . . He opened with 167, came up with 168 and finished with 169 . . . R. Loodeen spilled the 7-10 split by playing the 7-pin off the back cushion . . . And Betty Bisbee picked up the 5-7-10 split in the Elks Ladies Wednesday Night league . . . Vi Heirman rolled a 134 triplicate in the K. C. Minors Wednesday League.

And over in Gladstone a rare bowling oddity occurred last week when the Gladstone IGA five bowling against the Pabst Blue Ribbons on the Midway alleys rolled a triplicate of 868 . . . Individual triplicates come up only rarely, but team triplicates are even more unusual . . . The IGAs are 1953 City Association champions and also were title holders in their league last year.

For the first time this year, novice champions of the Milwaukee Journal Golden Gloves tournament will be given a free trip to the Tournament of Champions in Chicago . . . The novice mitt champs will go along as spectators, not fighters, as only the open division winners compete in the Chicago tourney . . . Among the spectators will be Harry Nelson of Manistique, 118-pound novice champ . . . And one of the fighters will be Tommy Betts of Marquette, 118 open champ, who will weigh in and fight on March 1 . . . Quarterfinals will be held March 3, semifinals and finals March 11.

The best time ever turned in by the late Herman Mielthe, former Escanaba athletic star, in the 440-yard dash was 51.5 . . . He hit his top performance twice, in the Lower Michigan high school meet and again at Madison, Wis., in the Wisconsin State High School finals.

Fan Fare

Powers Notches Easy Win Over Channing

POWERS—The Powers Tigers had no trouble in notching a 63-26 victory over the Channing Rapid-rollers here last night.

Jim Sargent jammed 31 points through the nets from the pivot position to lead both teams in scoring. Powers took a 23-4 lead in the first period and was never threatened.

Powers played without the services of John Hafeman, 6-4 center, who was sidelined by Coach Irv Soderlund for disciplinary reasons.

The Carney Junior High team won the preliminary game, 22-13.

Advance Tickets On Sale Today For Game At Rapid Saturday

Seventy-five tickets for the St. Joe-Rapid River basketball game Saturday night at Rapid River will go on sale to the general public at 5:30 this afternoon, Athletic Director Fr. Stephen Schneider announced.

St. Joe was allowed 230 tickets for the game, of which 100 are for students. Fifty-five were set aside for parents of players, drivers and faculty, leaving 75 for general sale.

Only two tickets will be sold to a customer and the sale will take place immediately at 5:30 at the Bonifas gym ticket office.

Veteran Ski Jumper Will Retire Sunday

BRATTLEBORO, Vt. (AP)—Merrill "Mezzy" Barber will retire from competition Sunday after 29 years of ski jumping.

Mezzy, now 35, first jumped when he was six on a 20-meter takeoff at Greenfield, Mass.

A chemist for an optical company, Mezzy has won practically every skiing title in the country.

Grand Rapids Wins Golden Gloves Title

By JOE FALLS

GRAND RAPIDS (AP)—Grand Rapids won the team championship in the state Golden Gloves tournament by the narrow margin of an awkward heavyweight.

That was the case Tuesday night as the furniture city team edged out Flint in the finals before a crowd of 4,772 in Civic Auditorium.

Going into the final fight of the tournament—the heavyweight open class—Grand Rapids held a slight lead on Flint. But it needed to beat Flint in the final fight to win the title. A loss would have caused a deadlock.

String-Bean Heavy

Bruce Fase, a gangling 6-foot-3 beanpole, gave Grand Rapids a clear claim to the title by stumbling to a decision over W. C. McQuay of Flint in a lackluster bout.

Grand Rapids piled up 33 points to 29 for Flint. It had four champions to three for Flint.

Hawks Hold PL To Tie

HOUGHTON—The cellar-dwelling Escanaba Hawks rose up to smack the league-leading Portage Lake Pioneers with a 6-6 deadlock here last night in a rio-cracking Northern Michigan Hockey League contest.

Escanaba's hard-skating Bill Suriano, who centered the first line with Doug Peterson and Bud Provo at the wings, pulled the tie game out of the fire with 40 seconds remaining before the final buzzer.

Suriano scored his first league goal of the season unassisted at 19:20 to give the Hawks their tie on Dee Stadium ice.

Close Throughout

The game was close throughout with no more than two points ever separating the teams. Portage Lake took the lead with a goal by Jackie Ruelle at 8:45 of the first period and Joe Ricci tied it up 29 seconds later on an unassisted shot at Clyde Berryman. Ruelle scored again at the 14:14 mark to give the Pioneers a 2-1 lead at the end of the first period.

The Hawks battled back in the second to outscore Portage Lake 3-2 for a 4-4 tie. Aino Maki gave the Pioneers their biggest lead with a goal at 4:42.

Stambaugh Wins To Take League Lead

STAMBAUGH—The Stambaugh Hilltoppers took over first place in the Menominee Range Conference standings here last night, by beating the Kingsford Flivvers 61-52.

Coach Ed Kukuk's Stambaugh quint has a record of nine wins against two defeats in conference action. Iron Mountain is pressing with an 8-2 mark. Stambaugh has one league game left with Norway while the Mountaineers meet Kingsford and Crystal Falls.

Quarter scores:
Kingsford . . . 12 15 12 13—52
Stambaugh . . 16 15 12 18—61
Officials: Schram, Escanaba; Ranguette, Cooks.

Reynolds Scheduled To Talk Contract

NEW YORK (AP)—Allie Reynolds was scheduled to talk contract with the New York Yankees sometime today.

The big chief of the world champions' pitching staff reportedly is asking for \$42,000 a year.

The Yankees signed lefty pitcher Eddie Lopat and third sacker Gil McDougald Tuesday, Lopat, a 16 game winner in 1953, signed for approximately \$25,000. Gil will get an estimated \$18,000.

By Walt Ditzen

Rock Edges Perkins 55-54 In Loop Tilt

ROCK — Rock came out on top in a see-saw Upper Peninsula Central League cage contest here last night, nipping Perkins 55-54.

The score was tied almost continually in the middle stages of the game and the outcome was in doubt until the final seconds.

Perkins took a 21-17 lead at the end of the first period but trailed 31-29 at the half. Perkins again took the lead, 45-39, entering the final period.

Coach Pete Tinsley's cagers cut the margin until Terry Hade tied it up at 47-47 with four minutes remaining in the game. Tauno Pelto contributed six points after that and Rock never lost the lead.

Ron Deloria had a chance to win for Perkins when he barely missed on a field goal with four seconds left to play. Hade's 22 points led both teams on the scoreboard.

Rock's 7-8th graders won the preliminary, 41-28.

Box score:

Rock	FG	FT	PF	TP
Pelto	5	2	2	12
Norman	7	1	4	15
Hade	9	4	1	22
Koski	1	1	4	3
Lund	1	1	1	3

The One Who Can Go The Longest Will Be Middleweight Champ

NEW YORK — (NEA) — The natural — Bobo Olson and Kid Gavilan for the middleweight championship—has been set for the Chicago Stadium, Apr. 2.

Now boxing people are sitting back and looking for the answers to a lot of questions.

Disserters insist that Gavilan hasn't too much left. Against Johnny Bratton, in his last outing, it was strictly no contest. The Cubanola Glider battered the Brat from corner to corner and around again.

Bratton was little more than a punching bag, however, running short of petrol before the firing had hardly started. And Johnny B., closer inspection shows, was behind in every fight he won in 1953. His victories coming almost strictly on knockouts. Either he landed the punch or he lost the scrap, and the latter happened on a couple of occasions.

Carmen Basilio, well conditioned but plodding and unimaginative, decked Gavilan in the second heat, failed to follow through in a losing 15. A bit more brashness on Basilio's part and the Keed would have been without the welter v.e.a.th.

Olson gives Gavilan an opportunity to win the ring respect he claims is his due.

"I beat up all the middleweights . . . mash 'em like spaghetti mush," he picturesquely told the world after ending Chuck Davey's dream in Chicago.

Olson looked the part of a fine middleweight, liver punching Faddy Young out of the picture in a 15 at Madison Square Garden, then returning to club Randy Turpin to the floor twice and acquire the world title. Yet the Hawaiian-Portuguese-Swede was faulted for his failure to stiffen both Young and Turpin.

The blanks will be filled out on the style count. Gavilan has reached the stage where he prefers to stalk and stall, turning on the piece only after it is too late.

But the Keed can be a windmill too, when he has to be, and the question is: Can he pull out all the stops when properly pressured by Olson's three minutes.

Bobo Olson

a-round style? Also: Can Bobo keep it up when in with a windmill or the same type?

This might be called the Whirling Windmill Caper. The man who keeps in motion longest will win what figures to be an exciting engagement.

Gavilan has had weight trouble, so there isn't likely to be more than five or six pounds between them.

The welter title will still be Gavilan's property unless he defeats Olson. If the Keed should do that, and vacate the 147-pound throne, Billy Graham will figure prominently along with Carmen Basilio.

Billy Graham, who has beaten Kid Gavilan once and lost to him three times, has never gotten over the highly debatable decision he dropped to the Havana Special at Madison Square Garden in the summer of 1951.

Broncos Get Revenge, 58-57, Over Arrows

NAHMA — The Bark River Broncos avenged a previous Upper Peninsula Central League loss to the Nahma Arrows by edging Coach Harold Anderson's Class E champs 58-57 here last night.

The winning point came with 20 seconds left in the game when Bark River center Dick Shepherd

dropped in the second of two free throws after being fouled in mid-court by Nahma's Bernard Newhouse.

The game was close throughout with Coach Tom Janssen's Broncos leading 11-10 at the first period and trailing 27-26 at the half. Bark River had a 43-40 margin entering the final period.

Shepherd led both teams in scoring with 2 points as the improved Broncos presented a well-balanced attack. All six Bark River players in action contributed to the scoring. Popour of Nahma was second high on the scoreboard with 19 points.

The Nahma reserves won the Bee team preliminary game, 47-40.

Box score:

Nahma	FG	FT	PF	TP
Sandford	1	0	1	2
Newhouse	5	1	4	11
D. Groleau	4	4	4	12
R. Groleau	2	1	4	5

Russian Jumper At Ishpeming

WASHINGTON (AP)—The State Department said today that Russian Skier Yuri Sergeevich Afanasev is being admitted to the United States temporarily to compete this weekend at an international ski meet at Ishpeming, Mich.

A department statement said Afanasev and his interpreter, Grigori Ivanovitch Kukshin, will be given temporary U. S. entry visas.

The pair, arriving by air in New York Thursday, were invited by the National Ski Association of America to participate at Ishpeming.

The competition Feb. 18-21 will commemorate the 50th anniversary of the National Ski Association.

James Parker, department press officer, told newsmen the Russians' visit was authorized by Attorney General Herbert Brownell on recommendation of the State Department. He said the pair may travel without restriction.

Redskins Hit Season High With 92-41 Win

HERMANVILLE — The Hermansville Redskins were blistering hot here last night as they set a new season scoring record while drubbing Wausaukee, Wis., 92-41.

Everything the Redskins threw went into the basket as Coach Don Hill's cagers connected on 37 field goals and 18 free throws.

Hermansville jumped out to a 21-10 lead in the first period and built it to 46-17 at the half. Ten Hermansville players saw action

and all of them contributed to the scoring. LaCasse led the point parade with 24.

Hermansville's Bee team won the preliminary game, 53-29.

Box score:

Hermansville	FG	FT	PF	TP
Polazzo	7	4	3	18
Stumbris	3	1	1	7

Fan Breaks Nose Of Basketball Player

CANTON, Ohio (AP)—A spectator who leaped from the stands and struck a basketball player has been barred from high school games here for three years.

Municipal Judge D. L. McCarrall also sent the man, James F. Horner Jr., 20, to jail for two months Tuesday and fined him \$200.

Horner ran out on the floor Saturday night and broke the player's nose after the latter had fouled another high school player.

NO PRACTICE FOR GOLDHAM

DETROIT (AP)—Bob Goldham, veteran defenseman for the Detroit Red Wings in the National Hockey League, seldom practices. Since he plays between 28 and 34 minutes of every 60-minute contest, the Red Wing management believes it best for him to conserve his energy. The 31-year old Goldham has played 13 years in the league.

Claims Canadian Gridders Take Benzedrine Tablets

HAMILTON, Ont. (P)—Bob Snyder, former coach of Calgary Stampede of the Western Interprovincial Football Union, said it is "common knowledge" that players in Canadian football used benzedrine tablets to give them a lift.

Carl Voyles, coach of the Grey Cup champion Hamilton Tiger-cats, retorted that "Snyder has said that before and it was proven to be a lot of bunk."

Snyder said in an interview Tuesday night that he was hired by the National Football League to acquaint United States college players about "the truth" of football conditions in Canada.

"I simply told them the truth," Snyder said.

Snyder said U. S. players asked him how "they afford to pay such large salaries."

"I told them they played two games a week, on Saturdays and Mondays (and) American players had to play both offense and defense," Snyder said. "There were only three Americans in the WIFU, Mac Speedie, Glen Dobbs and Frank Albert, who didn't play offense and defense."

Snyder said he was amazed that many of the players had the stamina to stand the rough schedule. Then, he added, "In one game in Regina I saw one of my players taking pills. I didn't think anything of it. On the way home one player told me, 'I'll never take those bennys again.'"

Snyder said the player confided that "bennys" were benzedrine tablets.

Snyder added, "At least one Hamilton player told me he has been taking benzedrine tablets for

every game since he came to Canada several years ago. It isn't any secret."

Warrior Center Sets Season Scoring Mark

(By The Associated Press)
Neil Johnston, lanky center of the Philadelphia Warriors, went on the biggest point rampage of the National Basketball Assn. season Tuesday night in scoring 50 points to lead his team to a 95-77 victory over the Syracuse Nationals. Syracuse tried four different men against him, but the big boy connected on 18 of 30 field goal at-

tempts and 14 of 16 free throws. The loss dropped the Nationals three and one-half games behind the New York Knickerbockers in the eastern division race after New York won 87-85 from the Boston Celtics.

In the western division, the Minneapolis Lakers won their 15th in the last 17 by turning back Rochester 85-79, and Fort Wayne took second place from Rochester by outlasting Milwaukee 69-65.

Johnston, scoring leader and 1953 season champion was 13 shy of the league one game record of 61 set by his teammate, Joe Fulks, back in 1949.

Four technical fouls and 32 personal fouls cost Boston heavily. The Celtics had six more field goals than the Knicks, but made only 23 of 39 free throws. The Knicks converted 37 of 49.

Jim Pollard paced the Lakers with 24 points, including three on a drive in and free throw that put Minneapolis in front with 1:14 to go.

George Yardley played the star role in Fort Wayne's victory, scoring two baskets 15 seconds apart to stop a Milwaukee rally that had cut Fort Wayne's lead to two points.

Logan Holdout At Milwaukee

By CHRIS REYNOLDS
MILWAUKEE (P)—Shortstop Johnny Logan, somewhat surprised that his second-base buddy, Jack Dittmer, came to terms Tuesday with the Milwaukee Braves, has no intentions of doing the same.

"We're nowhere near what I want," he said. "I led the league in fielding the past two years and I should get paid for it."

Logan, who fielded .975 last year and .972 the previous season, declined to say how much he wants this summer. He is believed to be demanding \$20,000. He's the only shortstop on the roster except aging Sibby Sisti.

Dittmer, whose agreement left Logan the only Brave regular out of the fold, probably will get about \$10,000 this summer. He and Danny O'Connell, obtained by trade from Pittsburgh, will battle for the second-base berth.

Freshmen Play As Olivet Tops 100

By THE ASSOCIATED PRESS
Basketball scores of 100 or more actually are coming the easy way now.

Hope beat Olivet 104-54 Tuesday night although playing freshmen in the final quarter. It was Hope's ninth win in 11 MIAA starts and Olivet's 10th defeat in 11 games.

John Adams led Hope with 23 points. In the Michigan Junior College League Flint won its 10th game in 12 starts by humbling Jackson 74-54 with Bill Benson scoring 25 points.

Flint has a 10-2 record in the Eastern Division and Jackson 5-8 in the Western Division.

Riisnaes Back At Pine Mountain

IRON MOUNTAIN — North American champion Jon Riisnaes, Norwegian exchange student at the University of New Hampshire, will be the man to beat in the two-day ski-jumping classic here Saturday and Sunday, Feb. 27-28.

Riisnaes, who stole the show here last year, filed entry for the Michigan State Championships on Saturday and the 19th annual Kiwanis tournament on Sunday.

Displaying flawless form against the best American performers here last year, Riisnaes jumped 290 and 253 feet to capture the North American championship. The following day he soared 293 and 285 feet to win the 18th Kiwanis tournament. His 293-foot flight was four feet short of tying the Pine Mountain high record.

A former junior division champion in native Norway, Riisnaes has completely mastered the art of jumping at the age of 22. Last year, in his first American tour, he outclassed American jumpers in 10 straight tournaments.

Furman's Selvy Ends Cage Record Assault

By BEN OLAN
NEW YORK (P)—Furman's Frank Selvy, the "Babe Ruth" of college basketball, was home free today with a clean sweep of all major cage records in the bag and five more games in which to add to his already fabulous totals.

The heralded senior from Corbin, Ky., broke the only important

marks he had left to shoot at Tuesday night as Furman walloped Wofford College 123-102.

Selvy pumped in 57 points and eclipsed the standards for single-season scoring with 925 points, single-season field goals 330 and career field goals 825.

Teamsters Shy At No-Raid Pact

By NORMAN WALKER
MIAMI BEACH, Fla. (AP)—Dave Beck, president of the AFL Teamsters Union, indicated he prefers to negotiate his own private peace treaty with competing unions rather than enter the proposed AFL-CIO "no raiding" pact.

He steered clear of making any commitment on the AFL-CIO plan pending a conference with a score of lawyers and the teamsters' General Executive Board.

But he made it plain he felt the most effective way of solving labor wars is for unions to barter out their own peace arrangements union by union.

He disclosed such an agreement had been virtually completed this week with the AFL Upholsterers Union, outlining the jurisdiction of each and making arrangements so that each will eventually surrender members properly belonging to the other.

Beck previously has negotiated similar agreements with the International Association of Machinists and other unions. He said negotiations are planned with the operating engineers, bakery workers, laundry employees and amalgamated meat cutters, all AFL unions.

The teamsters chief, whose union claims 1,300,000 members, is reportedly opposed to the AFL-CIO "no raiding" plan. This would bind AFL and CIO unions from seeking to invade each other's organizing territory, with an umpire to decide disputes. The AFL is trying to establish a similar plan to arbitrate squabbles within the AFL itself.

California Fugitive Fights Return To Prison In Michigan

SACRAMENTO, Calif. (AP)—It's up to Gov. Goodwin J. Knight to decide whether to send back to a Michigan prison a 48-year-old father whose wife calls him "law abiding" but whom the FBI listed as one of its 10 most wanted men.

The man is Alex R. Bryant, alias Ed Lawson, father of a 5-month-old baby. He was arrested in Los Angeles and wanted by Michigan to serve the rest of a life sentence for armed robbery.

In an extradition hearing Monday before Joseph Babich, Knight's clemency secretary, Michigan agents argued Bryant cannot be trusted.

Prison Sgt. George Rossi said Bryant had twice been convicted of rape before he participated in armed robbery while on parole. Also, Rossi said, Bryant had been in trouble 11 times in Michigan prisons—that he even kidnapped a guard in escaping two years ago.

But Bryant's wife, who knew him only as Lawson, told Babich in a trembling voice that he is law abiding and he loves and worships their baby.

Her father also pleaded in his son-in-law's behalf.

Bryant's attorney, George S. Keller, Niles, Mich., termed the FBI's most wanted label a clerical error in Bryant's case. His client is "decent minded" and has suffered for his sins, Keller said.

PURSE IS PRESERVED JAL. N. M. (AP)—C. H. Strickland has solved the mystery of the pilfered purse. He found his dog playing with it recently after it had been missing 6 months. It showed signs of being buried — along with Fido's favorite bones.

Last Total Eclipse Of Century To Be Seen In Peninsula

ANN ARBOR (AP)—University of Michigan astronomers are going traveling through Michigan's Upper Peninsula June 30.

They'll be after a look at the last total solar eclipse of the century that is visible in this region.

No scientific preparations will be made for the observation, however said Dr. Leo Goldberg, director of the University Observatory. He explained:

"The eclipse must be seen through dense layers of the earth's atmosphere when the sun rises eclipsed low on the horizon and chances of seeing anything at all are not very good."

"Our decision not to make preparations was influenced by the considerable cost of an eclipse expedition. We feel the money can be expanded far more profitably on solar research projects at the university's McMath-Hulbert Observatory at Lake Angelus, near Pontiac."

He said several members of the American Astronomical Society, which will meet here June 20-23, probably would make the trip north.

The remainder of Michigan and the southern United States will see only a partial eclipse.

The largest radio telescope on the European Continent will be erected in the village of Dwingelo in one of the Northern provinces of the Netherlands.

Hollands leading astronomer Dr. Jan Hendrik Oort said the telescope is a gigantic aerial-system for picking up and measuring very high frequency radiations from celestial bodies which can't even be observed with the strongest telescope.

This modern science recently has led to important discoveries on the dimensions of the universe.

April 15 Chosen For Tax Deadline

WASHINGTON (AP)—The House Ways and Means Committee agreed to make April 15 the annual deadline for filing individual tax returns, effective next year.

The committee said in a statement that this change "will greatly relieve the difficulties taxpayers presently have in preparing their returns by the present filing date" of March 15.

As a practical matter, the later date will be helpful to tax accountants and lawyers who now find their major business crowded into the period from Jan. 1 to March 15.

The proposal would not affect filing of returns this year on income earned in 1953. This year's returns will still be due by March 15.

The new schedule makes no change in the March 15 filing date for corporation income taxes. But it extends to Sept. 15 the deadline for filing of returns by tax-exempt cooperatives. The later date for cooperatives coincides with their last date for declaring patronage dividends on the prior year's business.

Cockatoo Not Guilty Of Killing Mistress

MATLOCK, England (AP)—A pet cockatoo named Cocky was formally cleared of any connection with the death of his mistress, 74-year-old Mrs. Minnie Fletcher.

Dist. Coroner F. W. Barnett ruled that Mrs. Fletcher died of natural causes after collapsing in her cottage home here last Sunday.

A neighbor found the elderly woman, bloodstained and unconscious, on the floor of her bedroom. Nearby was Cocky, his beak and claws gory. It was first believed the pet bird might have attacked his mistress.

The coroner said Cocky apparently pecked at Mrs. Fletcher after she collapsed. The woman died in a hospital Monday night without regaining consciousness.

New Floor Care Ends Waxing

One of the most difficult jobs of housekeeping is to keep linoleum and asphalt tile floors waxed and gleaming. Now, thanks to Glaxo, it is no longer necessary to wax and scrub. All you do is apply Glaxo with a brush about twice a year. It maintains a high lustre, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor. Glaxo is available at the Fair Store, Escanaba. (Adv.)

Convict Free After 46 Years Starts New Life In Alaska

SEATTLE (AP)—Herbert Spring, 46 years of prison life behind him, headed toward a new life in Alaska.

He departed from here by plane on the last leg of a journey from Stateville Penitentiary, Joliet, Ill., to Fairbanks.

Spring, 67, sentenced to spend the rest of his life in prison for the slaying of a woman at Freeport, Ill., in a drunken spree when he was 20, walked out of the Illinois prison a free man Monday.

"Flower Beds Help
"Boy, there's a lot of cars," he exclaimed. "The country must have thousands and thousands."

He was escorted to a waiting car by Warden Joseph E. Ragen, who asked him who would take care of the prison's flower beds now.

"There'll be somebody. Sure," Spring replied. "I started from scratch."

Paradoxically, the job Spring learned so well after being sent to prison, that of tending the penitentiary's flower gardens, is the one which eventually led to his release.

Once, long ago, Ross E. Kimball, operator of the Interior Equipment Co. of Fairbanks, read an article about Spring and his work on the flowers at Stateville.

The article also mentioned that

Spring's parents had died, that he never heard from his brothers.

The story moved Kimball so much that he decided to help Spring and he became the first and only person to visit the convicted slayer when he talked to him at Stateville last year.

The Fairbanks businessmen assured parole authorities he would help Spring start anew, that he would be ready with help and a job for the life-terminer if he were released.

The parole board, which had previously turned down petitions for parole by Spring, granted him a parole when Kimball entered the picture.

Desk Carving Has Disappeared

OMAHA (AP)—The desk carver has just about disappeared from Omaha grade schools.

School officials say defacement of school property no longer is acceptable in the eyes of today's pupils. Grade school principals observed that youngsters no longer consider it a mark of achievement to leave their mark on school property. They are proud of the new equipment provided in recent years in Omaha public schools and respect it.

NOTICE TO BIDDERS

The City of Escanaba proposes to sell to the highest bidder the building known as the Hiawatha Plywood building located at the ore dock property south of the Village of Wells, this building being of wooden frame construction, 40'x100' in size; said building to be dismantled and the debris cleared within 75 days from the date of the acceptance of the bid.

Sealed bids will be received in the office of the undersigned on or before 8:00 P. M. (E.S.T.) February 18, 1954, at which time the City Council will publicly open and read aloud said bids at their regular meeting in the council chambers.

Envelope containing bid to be plainly marked, "Building Dismantling Bid; to be opened at 8:00 P. M. Feb. 18, 1954." Bidders to enclose with their bids a deposit of ten (10%) percent of the bid price.

Further information may be obtained in the office of the City Engineer.

The City of Escanaba reserves the right to reject any or all bids and to waive any irregularities in the bidding.

GEORGE M. HARVEY
City Clerk.

Mayor Of Monroe Quits Under Fire Of Business Critic

MONROE (AP)—Mayor Albert J. Davis resigned Monday night so that a critic's accusations would not make proposed charter amendments look like they were "tailored to fit a situation."

The mayor has been under fire from H. Selwyn Percy, Monroe watch repairman.

Percy charges that the mayor, who operates an insurance business on the side, violated a charter provision that a city official could not do business with the city as a private individual.

Percy contended that Davis, who served eight years as a city commissioner before he was first elected mayor in 1951, had sold the city insurance both as a commissioner and as mayor.

Mayor Davis said his agency handled city insurance as part of a pool of all insurance agencies which share the city's business. He said that although he may

Baby Sitting Leaves Mark On Coach At East Hartford, Conn.

EAST HARTFORD, Conn. (AP)—High School Football Coach Henry Giardi showed up for an Exchange Club dinner with what looked like a bruise about the size of a silver dollar in the middle of his forehead.

Baby sitting with his 17-months-old daughter and watching a football game on TV at the same time were responsible, he said.

"My daughter has one of those suction-cup toys. She thinks it's fun when I press it against my forehead. Now the mark won't rub off or wash off."

have technically violated the ordinance, he did it in "all innocence."

The mayor said he resigned in order to avoid criticism of pending charter changes by the City Commission. The commission named A. Eugene Wagner of the commission as acting mayor.
